

UNION OIL SOLD TO
BRITISH COMPANY
FOR \$110,000,000

Petroleum Territory, Pipe Lines and
Tank Vessels to Go Into Hands
of Great Syndicate

SAN FRANCISCO, Oct. 29.—The purchase of two independent oil companies of California, the Union Oil Company and the General Petroleum Company, involving \$110,000,000, was consummated today in London by Eugene De Saba, according to advices received here.

A local paper says that Louis Sloss, representing interests which have held for some time an option on the Union Oil Company control, has announced that De Saba had cabled him that papers had been signed whereby a huge British syndicate headed by Andrew Weir, will take over both companies. The deal involves more than \$75,000,000 in stock and \$35,000,000 in cash.

The sale means that the Union Oil Company, with its wide oil fields, its subsidiary pipe line companies and its great fleet of oil-carrying steamers, barges and sailing ships, will pass from the control of Lyman Stewart and his family and become merged in a gigantic British concern.

Sloss would not give out any figures as to the amount of cash involved in the deal, says the paper, nor did he enter fully into the details. But from other sources the details here given were obtained upon authority which makes them reliable.

The Union Oil Company deal will be made on a cash basis, while the General Petroleum Company will change hands through an exchange of stock. In this respect De Saba, according to Louis Sloss, has taken special precautions to look out for the interests of the minority stock holders.

The Stewart control was obtained by a syndicate including De Saba and Sloss at approximately \$130 a share. Recently the stock has been selling around \$60 a share.

Andrew Weir is at the head of Andrew Weir & Company, the largest ship owners in the United Kingdom.

POSTOFFICE BURNED
Disorder At Trinidad May
Result In Trouble With
Government

TRINIDAD, Oct. 29.—The presence of the troops here has caused much bitterness on the part of strikers and a meeting of the executive board of the Allied Unions of Trinidad met in a public hall tonight to discuss the situation and to call a meeting of delegates from each trade union in the state to determine upon the advisability of calling a strike in every department of organized labor. Many of the labor leaders are said to favor the plan, as they openly charge that the troops were not sent to quell disturbances so long as the mine guards had the "upper hand."

Six hundred militiamen are camping here tonight.

Cuba—May Land At
Key West

VERA CRUZ, Oct. 29.—Mrs. Daniel Madero, in fear that she was about to be arrested, went to the American consulate this afternoon and remained there for several hours. She and Mrs. Evaristo Madero were brought here with their husbands, who were arrested by the federal authorities at Monterey. The two men now are held in San Juan de Ulua prison.

The two women have been trying to procure their husbands' release, so that their removal to the capital might be prevented.

CHURCH CALLS
FOR PEACE
PROGRAM

Also Creates Board to Take
Part In Movement for
Labor Reform

KANSAS CITY, Mo., Oct. 29.—Establishment of a social service commission to have charge of extending the aid of the church to labor in its struggle for industrial justice, the adoption of an annual plan for social service, and the adoption of a "peace" resolution comprising the expenditure of large sums of money for the principal things accomplished by the national council of Congregational churches today.

The social service commission will be composed of nine members and will take over the work previously done by the Brotherhood of the Church. The scope, however, will be greatly extended. The church plans to make an aggressive campaign to aid in righting so-called "industrial wrongs."

The secretary of the new commission will be Henry Atkinson of Chicago, who has had wide experience in recent years in the church in behalf of labor. Outlining the church's work, Atkinson said:

"The church is realizing more every day that organized labor is not composed of obstructionists, but of men who have a definite purpose and who are striving to attain it."

"Two million men are being injured seriously in our industrial machine each year. My church is going to do its best to see that that stops. We are striving to impute the blood of the worker, a part of the price of the commonwealth, to the hands of the capitalist. We stand for cleanliness and sanitation in our workshops and the elimination of industrial diseases. We stand for the shorter working day. Our slogan is 'for his reward he shall have adequate compensation.'"

REGULATION OF ALL
RAILWAY SECURITIES
OF NATION IS URGED

National Association of State Commissioners Adopts Report Prepared
By Eshleman of California

WASHINGTON, Oct. 29.—After a long and at times acrimonious debate, the National Association of Railroad Commissioners adopted tonight a report of the committee of railway capitalization, submitted by Commissioner Eshleman of California, recommending rigid federal and state supervision of the issuance of stocks and bonds of utility and railroad corporations.

The report recommended:

"That there be limitation of law of the purposes for which the issue of stocks and bonds shall be permitted; that the authority be given to commissioners to see to it that the proceeds of the sale of stocks and bonds are devoted to the purposes for which they are issued;

"That no stocks or bonds be issued without the positive approval of the commission after full investigation. First power be given to the commission to impose such conditions upon the issue as may be necessary;

"That the regulation of the stocks and bonds of interstate common carriers be delegated to the interstate commerce commission;

"That the financial condition of the railroad companies engaged in interstate commerce, have been a pawn of the manipulators who demonstrate they are more interested in gain than the proper service to the public and such service to them, as conclusively appears from history, is merely incidental to their main design. The design is to make money. These financial manipulators, however, building tremendous fortunes, nominally in control of great enterprises, but really delegating the control to others who are prevented from doing that which they would do, by the very financial manipulation of their superiors, who are not in cooperation. The great financial interests and not the active railroad managers have been found to be responsible for the mismanagement of the railroad enterprises."

It was recommended, "that Congress immediately pass an act to empower the Interstate Commerce Commission to regulate the stocks and bonds of interstate carriers in the manner and to the extent hereinbefore outlined."

The committee's proposal that there be no limitation placed by law on the amount for which either stocks or bonds shall be sold was eliminated on account of bitter opposition.

It was decided that the next annual convention of the commission should be held in Washington next November.

MRS. EATON FREE
OF MURDER CHARGE
Acquitted of Killing Her
Husband After Long
Jury Session

PLYMOUTH, Mass., Oct. 29.—Mrs. Jennie May Eaton was acquitted of a charge of murder of her husband, Rear Admiral Joseph G. Eaton, by the verdict of a jury rendered at 5:10 o'clock this morning.

PLYMOUTH, Mass., Oct. 29.—The case of Jennie May Eaton, charged with the murder of her husband, Rear Admiral Joseph G. Eaton, was given to the jury shortly after six o'clock tonight.

Various exhibits, including letters of affection and letters written by Mrs. Eaton, were taken to the jury room to be considered by the jury in accordance with the instructions of Chief Justice Allen.

The entire day was taken up with the arguments of counsel, the charge of Judge Aiken occupying only half an hour at the end.

William A. Morse, counsel for Mrs. Eaton, spoke for four hours, drawing a picture of the defendant as a loving, self-sacrificing wife, entirely justified in her belief about her husband. She was a "mad" and her only fault was that she "loved too much," her attorney declared, while he portrayed the admiral as a man of double personality, one in whom corruption was concealed under the mask of gentlemanly bearing. He asserted that she suspected her husband of infidelity, and in her murder charge against Mrs. Eaton, she was sane.

"The accused woman," he said, "does not even herself of any claim of insanity; she avoids a condemnation, but bravely demands a verdict on the facts."

Morse argued that the evidence showed the death of the admiral could not have been caused by an insane person.

District Attorney Albert E. Barker, after outlining the case against the accused, asked that if the jury believed the defendant was irresponsible she be found "not guilty by reason of insanity."

After Judge Aiken had delivered his charge, he gave the case into the jury's hands at 6:15, announcing, however, that the jury might go to supper before beginning the deliberations. In his charge Judge Aiken said there were four verdicts possible:

"Not guilty—not guilty by reason of insanity; guilty of murder in the first degree; guilty of murder in the second degree."

Judge Aiken explained that a verdict of "not guilty by reason of insanity" carried with it an order from the court committing the prisoner for life to an insane asylum.

PROSECUTOR DENOUNCES.

The charge to the jury followed a bitter denunciation of the testimony of the defense by District Attorney Barker.

After saying Mrs. Eaton was the only person who had opportunity to administer fatal doses, the district attorney exclaimed "poison is a woman's weapon."

He continued:

"Mrs. Eaton divorced her husband and married Admiral Eaton for his money and when that money was lost playing the stock market she reached a turning point which led the admiral to his grave."

After tracing the testimony down to the night before the admiral died, Barker said:

"She locked the poor admiral up in a room alone. Her daughter Dorothy's attempts to administer medicine to the dying man were objected to by Mrs. Eaton. Finally he cried out:

"I want a doctor; I want a doctor, and Mrs. Eaton said: 'The doctor is coming in the morning, when she knew the doctor was not coming at all.'"

"This woman fed her husband arsenic all day Friday with his medicine and she fed him the poison after he fell out of bed and she kept feeding it."

WILL TAKE PART OF
FATHER'S CLAIM ON
CONGO PROPERTY

BRUSSELS, Oct. 29.—It is announced that Princess Louise, Stephanie and Clementine, daughters of the late King Leopold, have decided to end the litigation with the government of the Congo by accepting the compromise proposed by the ministry. Counsel on both sides are arranging the final details whereby each of the princesses will receive \$1,400,000. In April last the court of appeals rendered a decision against the princesses who brought suit for the entire Congo property left by their father valued at \$1,600,000.

Previously to this the princesses had rejected the proposal of the minister of justice that they accept \$7,500,000 as their share.

STRIKE IS RENEWED
IN WEST VIRGINIA

CHARLESTON, Oct. 29.—Three hundred miners employed by the National Bituminous Coal and Coke Company at Eskdale on Cabin creek went out on strike today. Representatives of the United Mine Workers of America are enroute to the fields in the hope of adjusting the dispute.

CHILD THROWS BRICK
FROM WINDOW ONTO
HER SISTER'S HEAD

SACRAMENTO, Oct. 29.—Eight-year-old Phyllis Kiesel, daughter of Fred Kiesel, cashier of the California National Bank of Sacramento, is at a local hospital with a fractured skull, the victim of a fractured sister, who, unknown to her, threw a brick on her sister from an upper window of the Kiesel home. Phyllis slipped out of the room where she and her two sisters were cracking nuts with a knife and went down on the landing to eat her share. The little girl may die.

INCOME TAX AMENDMENT

CHICAGO, Oct. 29.—An amendment to the income tax law, drawn by Attorney Loy Mayer for the Illinois Manufacturers' Association, and designed to remove confusion in construction of the act, will be presented at an early date by Senator J. Hamilton Lewis. The proposed amendment follows:

"Any and all provisions of the said section 2, authorizing or requiring the normal tax to be withheld at the source of the income, insofar as they apply to residents of the United States, shall be, and the same are hereby repealed, but in all other respects section 2 shall remain in full force and effect."

STRIKERS TO MARCH
TO COURT HEARING

CALUMET, Mich., Oct. 29.—One hundred and forty-one Illinois copper mine strikers, who are to appear before Circuit Judge O'Brien at Houghton tonight to answer charges of contempt of court for alleged violation of an injunction against picketing, have announced that they will walk the entire twenty miles from their homes. It is expected they will be joined enroute by other strikers and that by the time Houghton is reached two thousand or more will be in line.

SPEAKS AT CINCINNATI

CINCINNATI, Oct. 29.—Mrs. Emmeline Pankhurst, the English suffragist, spoke here tonight to a large audience. Mrs. Pankhurst repeated that militant methods were not needed to secure the ballot for women in this country but the suffragists of England would keep up their warfare until they secured home. It is expected that they will be joined enroute by other strikers and that by the time Houghton is reached two thousand or more will be in line.

to him to within two to eight hours of the time he died."

It was 7:43 when the jury retired for deliberation after supper. Mrs. Eaton had supper in the court room and it was several hours at least, availing a verdict.

THOUSANDS
Bitten By
Mad Dogs

NEW YORK, Oct. 29.—An extraordinary number of cases of rabies have been treated in New York within the last ten months, according to figures compiled by the health department. According to the statistics, 177 cases of rabies treated as a result. There have been an unusual number bitten within the last few days.

REFUSES TO TELL
BETTER FORTUNE;
SHOT BY PATRON

KANSAS CITY, Oct. 29.—Her refusal to reveal her predictions for the future resulted in the death today in a local hospital of Marie Clayton, a fortune teller. She was shot and wounded three weeks ago by an unknown Italian who became frightened at the future she had predicted for him and demanded that she change it.

PLAN TO MAKE
WASHINGTON
MODEL CITY

WASHINGTON, Oct. 29.—Plans for making the national capital a model municipality, after which all the cities of the country may pattern, were outlined at a conference here today between Henry Bruere, head of the Bureau of Municipal Research at New York City, and the commissioners of the District of Columbia. Bruere and John Ritzey, official union candidate for mayor of New York, formulated the proposed plan of government for the capital and presented it to President Wilson last spring.

Today's conference was held at the suggestion of the President, to whom the commissioners will submit their views after making a careful study of the subject.

QUALIFIED FOR PENSIONS

SACRAMENTO, Cal., Oct. 29.—Figures have been compiled in the office of State Superintendent of Public Instruction Hiram, showing 14,576 teachers in the public schools of the state qualified to enter themselves under the provisions of the teachers' pension act. The total of men is 1,085 and 10,491 women. In elementary schools, three hundred and seventy men and 1,045 women are kindergarten teachers, 1045 men and 1601 women are high school teachers.

WOMEN'S CONVENTION

SANTA ROSA, Oct. 29.—The district convention of the Federation of Women's Clubs opened here today with 200 women present. Mrs. Percy L. Shuman of San Mateo, district president, presided at the registration, and this forenoon. Papers were read and a program was given this afternoon. Mrs. James W. Blair, state president, addressed the meeting tonight on the business of being a club woman and a reception was given the visitors by Santa Rosa members.

NEW YORK FIGHT
GROWING BITTER

Tammany Sympathizers
Drive Opponents Off
Fourteenth Street

NEW YORK, Oct. 29.—Fourteenth street, in which is situated Tammany Hall, witnessed an exciting scene today when speakers of a rival political organization came there to expound their views.

Speakers for the society to lower rents and reduce taxes on homes, with two women distributing their literature, sought to win votes opposite the hall. Crowds of Tammany sympathizers watched the invaders take their stand opposite the hall occupied by Charles F. Murphy, leader of Tammany, and heard one of the speakers point to the hall and shout:

"The man who is responsible for high rents and taxes is over there. 'Vote for Mitchell!'"

"Vote for Mitchell!"

Signs soon were trampled under foot and the women were escorted without ceremony to their wagon. The meeting was adjourned.

MEXICAN POLICY TO BE THEME OF CABINET MEETING

(Continued from Page 1.)
participate freely. Many diplomats here believe that before suggestions concerning any election can be carried out, the elimination of Huerta from the situation must be accomplished.

It is thought that the President will repeat the suggestions he outlined recently to John Lind upon which a satisfactory settlement of the trouble in Mexico seemed to be conditioned, but will add the stipulation that someone acceptable to all factions be placed in provisional authority to conduct a fair and free election. Details of an election plan, it is thought, will accompany the suggestions.

With the united support of foreign governments, it is thought by some officials here that the retirement of Huerta could be accomplished, although others who know of Huerta's personality declare he will not yield to any foreign pressure and will retire only if the Constitutionalists are successful. Various alternatives, such as moral support for the Constitutionalists, or lifting the embargo on

arms, have been suggested as ways to influence Huerta to retire.

DIPLOMATS DISAPPOINTED
That some comprehensive plan for dealing with the situation is expected by Europe was apparent today when the character of the representations made by the diplomats at Mexico City to their home governments became known. Although no collective opinion was reached at the recent conference of diplomats at the Mexican capital, many of them, it was learned today, criticized the United States policy for not taking such steps as would restore tranquility. Some suggested intervention in one form or another. The French minister is said to have been among those who roundly criticized the American policy, while the Spanish minister is declared to have made caustic reference to the invasion of the rights of Spanish nationals while the United States maintained an acquiescent attitude.

DIAZ GIVEN NO CHANCE TO PLOT

VERA CRUZ, Oct. 29.—General Felix Diaz, now a refugee on board the American battleship Letland, learned today that the privilege of asylum on a battleship carries with it certain restrictions not unlike prison regulations. By order of Admiral Fletcher, General Diaz is prohibited from communicating with any one from shore without the admiral's permission. The admiral has given General Diaz to understand that such permission will be given only in rare instances.

The order is being enforced rigidly. "Will you please go below, sir?" said the officer of the deck today, saluting the general when the latter had begun a conversation with a maid who had brought him baggage ashore. General Diaz appeared to be annoyed for an instant, but complied without hesitation.

NO PLOTTING ALLOWED.
Admiral Fletcher explained that while he was willing to place his flag ship at the disposal of General Diaz as an asylum he did not propose to expose himself to the charge of making it a place of possible plotting. He said that his confidence in General Diaz would not attempt to abuse the hospitality by meeting friends there and from safe vantage point indulge in intrigue or conspiracy, but he was resolved to take such steps as would prevent plotting.

Disposition of Diaz and his companions has not been determined, but it appears probable that they would be set ashore from one of the battleships, probably the Louisiana herself, when the sale from Mexican waters the first week in November.

General Diaz has expressed a preference to be landed at Havana, adding, however, that he was willing to be set ashore anywhere except at a British port, since he was confident that the British authorities would send him back to Mexico. He inquired of the admiral who visited him today, if he thought landing him at Havana would embarrass the United States.

KEY WEST PROBABLE.
It is probable he will be landed at Key West from which port he could proceed to Havana if he so desired.

With reference to the future, Diaz pressed to be heard, and said he was not a rebel, but a man who was tired of the war and wanted to live in peace.

Diaz has regained his color and his worried expression of a few days ago has disappeared.

"It is a strange inconsistency," he said today, "that a battleship should be so safe a place. It appears thoroughly to impregnate the admiral's mess, declaring that the food served

"GETS-IT" Is a
Wonder for Corns

No Fuss, No Pain, Sure and Quick.
Nothing Like It, "GETS-IT" Them Every Time.

You never used anything like "GETS-IT" for corns, before. You're sure at last that every stubborn corn that

"Nobody knows how good it is. Corns are gone at last. GETS-IT" Did it.

You've tried so long to get rid of it as a "cure." You used salicylic acid, 2 seconds, that's all. "GETS-IT" does the rest. There's no more fussing, no more bandaging, no more salicylic acid, no more picking and pulling. No more pain. No more "pulling," no more more picking and gouging, no more more.

"GETS-IT" stings pain, shrivels up the corn, and the corn vanishes. "GETS-IT" never fails, is harmless to healthy flesh. Warts, calluses and bunions disappear.

"GETS-IT" is sold at drug stores at a little, or sent on receipt of price by E. Lawrence & Co., Chicago.

CANCER
CURED
NO KNIFE USED

We make this statement: "Cancer can be cured, unhesitatingly and without fear of contradiction—fully realizing the great importance attached to such a declaration. But we say it again—Cancer can be cured—and we cure it. For over 25 years we have been curing cancer (fifteen years in Sacramento and the years in San Francisco). Although but recently having opened offices in Fresno, we come here fully prepared to prove to you every statement we make.

CONGREGATIONAL CHURCH CALLS FOR PEACE PROGRAM

(Continued from Page 1.)
stances of racial prejudice or dissemination of the seeds of international ill will.

"Believing that our republic, both by situation and tradition, is peculiarly fitted to lead the nations into paths of peace, we appeal to our President and Congress to cut a path in the swelling expense for the perpetuation of war and export of pictures and teachers to keep before the public mind the evils and perils of militarism, to explain and defend the cause of arbitration, and to work in season and out for the wider world brotherhood. He hereby committed the work of the program to the congregation of the church, and recommended that in all our churches exercises be held which shall swell the significance and influence of the occasion.

Success of the "Feminist" movement within the church was indicated to night when the Sunday school and publishing society decided to elect a woman to its board of directors. President Page said:

"All of the church societies have agreed to elect one or more women to their directorates."

The largest single contributor to the missionary activities of the church has been the Women's Home Missionary Federation.

Neither the federation nor the women of the churches at large were given representation upon the board that spent the money they had raised. This year the women raised the cry of "taxation without representation."

The next council will be held in New Haven, Conn., in 1915. This was decided tonight when Los Angeles withdrew its favor from the federation.

Understanding that the council met in Los Angeles in 1917. The council will vote formally on the matter tomorrow.

is much better than anything else. Three warships, the German cruiser Hertha, and the United States cruiser Tacoma and gunboat Wheeling, now are anchored in the inner harbor. The Tacoma entered today to take on coal. The port authorities expressed some apprehension at the near approach of another warship.

TREVINO FOUND IN MONTEREY PRISON

BROWNSVILLE, Texas, Oct. 29.—According to a dispatch received at Constitutional headquarters at Matamoros, today, General Trevino, former commander of Mexican government troops in northern Mexico, was found a prisoner by the federal troops in his home at Monterey, when the rebels captured that portion of the city. Trevino, the dispatch says, had taken to the flight and was liberated by the Constitutionalists.

The dispatch dated October 24 was sent by courier, was signed by General Pablo Gonzalez, one of the rebel commanders in the state of Monterey, which still is in progress. Gonzalez reported that the Constitutionalists at that time were in possession of four federal barracks and had captured much ammunition and equipment four hundred federal soldiers, including a general whose name was not given, had been killed, the dispatch said. Lieutenant Colonel Aradio Ozuena, Major Primo Gloria, two other officers and twelve rebel soldiers were killed in 48 hours of fighting.

Gonzalez also reported that a number of federal wounded and 150 prisoners had been taken to the rebels.

WELL RID OF DIAZ.
VERA CRUZ, Oct. 28.—Mexico, as represented by her authorities here, is shaking over the Diaz problem. Diaz is residing contentedly aboard the American warship Louisiana, and Rear Admiral Fletcher is wondering just what disposition Washington will ask him to make of his self invited guest.

This was the net situation at the close of General Felix Diaz first day as a refugee. Ashore the arrest of two or three persons of lesser importance served to sustain interest. It was not generally known that the German consul here has become asylum for Diaz. Also, a brother-in-law of Diaz, who, alarmed for his own safety, sought refuge with Consul Geriz. The Mexican authorities apparently are ignorant of his presence there.

Friends of Alcala expect to get him out of the country at the first opportunity and there is a possibility that he, too, will become a refugee on a warship. If so, it is probable that the Hertha, the German cruiser, will be chosen. No order has been made for his arrest.

NO INSTRUCTIONS.
Rear Admiral Fletcher and President Wilson's representative, Lind, reported the flight and subsequent doings of General Diaz to their respective departments, but so far as known have received no answer. The admiral assumes that he will be instructed either to put Diaz and his two companions aboard some passenger steamer whose schedule does not call for a stop at Mexican ports, or set them ashore from some warship at an American port.

General Diaz and his fellow fugitives displayed marked signs of relief when they reached the warship, but not greater than did the authorities ashore, whose attitude is that Diaz has relieved them of an embarrassing position. They insist that they have no order to arrest and express the belief that General Huerta is highly pleased that General Diaz has chosen to eliminate himself in such a manner.

No honors were accorded General Diaz when he went aboard the Louisiana, to which he was transferred from the Wheeling, but marked courtesy was shown him by the admiral, who assigned him to his own mess and sent the other refugees to the ward room.

REGAINS HIS NERVE.
A long rest in the afternoon served to restore General Diaz' nerve, which seemed to have been badly shattered by the developments or anticipated developments since he arrived in Mexico. He explained that he had consented to take refuge in the consulate and then aboard a warship only after deciding that this was the last extremity to preserve his life.

He added that he had no plans except to avoid being set ashore in Mexico. It was probable, he said, that he would establish a residence in Europe, although he thought he might spend some time in Havana.

On his own testimony he would not be welcome in the camps of the rebels and his presence there probably would mean his death.

General Diaz finds himself in a more awkward predicament than most refugees, as there is no quarter in the republic in which he considers himself safe.

Remember--This Is The Day Of Gottschalk's Big Waist Sale

New \$1.25
\$1.50 & \$1.75
Waists
79c

The greatest waist sale which has been announced in Fresno for many, many months. Greatest because the quantity is the largest, the styles the newest as they are all late fall models of the most popular styles and the values exceed any you have had opportunity to share in this season, we are sure.

Shriner Concert Big Success

"BEST WELCOME HERE" SAYS LEADER

Approximately 4,000 people heard the Shriner's "Ten Million Dollar Band" of the "Hands Around the State" company in concert last night in the Hotel Auditorium. The Shriner's, 200 strong, arrived in this city at noon, and within a short time had captured Fresno by their general boost spirit which seemed to radiate from each and every one of them. They left for Hanford early this morning on another leg of their famous touring trip around California. The Shriner's will be in Bakersfield this evening.

Within fifteen minutes time after the visitors arrived, it seemed that every one in the city knew that they were here. They paraded around the principal streets of Fresno for awhile to the music from their famous 125-piece band and wound up with an exhibition drill on K street near the postoffice by the band from the four temples of the state, Island of San Francisco, Al Malakal, of Los Angeles, Alhambra of Oakland and Al Bohr of San Diego.

The rest of the afternoon was spent in sightseeing about the city and vicinity. The concert was given in the evening.

The Auditorium is not yet completed, the local Shriner's could not make arrangements for reserved seats for those who purchased tickets to the concert, so, long before the concert was due to begin, people by the hundreds crowded into the building in order to get seats.

By 8:15, when the concert started, nearly every seat in the new building was filled. The audience was so appreciative one and applauded so enthusiastically after selection that was given by the musicians and the special artists who are making the trip with them.

The song, "I love you, California," which the Shriner's are featuring on this tour, took well with the audience, and within a short time after it had been played, the house was either singing or whistling the air along with the band.

Among the artists who appeared last night were, Miss Ella Adkinson, soprano; Noble L. A. Larsen, baritone; and Herr Franz Jelle, flugel horn. Miss Margaret Davis-Hughes was the accompanist.

The band leaders last night were Noble C. W. Bennett and Noble W. T. Piddwell. Each led the musicians through half of the concert.

Among the selections played were, the overture from Orpheus, a fantasia, "Tone Pictures of the North and South," selections from the Prince of Wales, "I Love You California," and the Star Spangled Banner. Among the songs which were sung were the following: The Ritz, "Prologue from D. Pagliacci, the waltz song from Romeo and Juliet and I Love You California.

After the concert, the Shriner's repaired to the Fresno hotel, where a dance was given in their honor by Noble E. W. Lake, the manager.

The visitors left this morning on their special train for Hanford and the south.

The present tour is being made by the Shriner's to gather funds to help pay their expenses on a trip East next May to bring the Imperial Council of the Grand Temple, San Francisco, to this city. It is their intention to advertise this state extensively everywhere they go in the same spirit that they are boosting it among Californians.

THE CUTLER LABORATORY, BEMIS, CAL.

Advertisement

"Talk about a live town," said Director-General F. B. Silverwood of the Shriner's "Hands Around the State" company last night, "Fresno certainly has them all skinned. We have been royally welcomed everywhere we have been and have had the greatest of times, but right here in this city we received the grandest of welcomes."

NO POLICE PATROL

"Last night we were in Stockton, and the people there turned the city over to us. We were the only police patrol in the town over to us all but the police patrol and for that we certainly are thankful. We only hope the other cities which we will cover will do the same."

"From the instant that we reached there we knew that Fresno was all right for there is a large number of Valley Shriner's and members of the Fresno Commercial Club met us and virtually handed over the keys to every place in Fresno. For the boys who make up our part kept coming to me all day last night and saying this is some town and that they have never seen a town like this before."

FORTY HOURS A DAY

"Well, after we landed here it was necessary for us to stretch our arms a little, and as you might say, 'wake up' for you see we are only on the job some thirty or forty hours a day. You may think that that is a little strong but it isn't, and what is furthermore we visited a dry town this morning and I know what I am talking about."

"After working up, we gathered in parade formation and marched up Mariposa street to music rendered by the 'best band in the land,' that is, the Shriner's 'Ten Million Dollar Band,' composed of the finest fellows in the West."

"We paraded around some of the most important streets of the city, making fancy steps everywhere we went as the boys were in fine-mettle and wanted to shine off in front of the hundreds of pretty girls that we saw."

MANY PRETTY GIRLS

"Say, talk about pretty girls. I have seen in almost every state in the Union, and have visited most of the large cities therein, but never have seen such numbers of pretty girls and women. To tell the truth about the matter, I was surprised to see so many of the boys at the concert in the Rowell Auditorium. As it was I noticed that they were making eyes at the other sex all through the entertainment."

"After receiving the applause of the great number of Fresnoans who lined up alongside the sidewalks, we proceeded to the Sequoia Hotel where lunch was served. Maybe you don't think that lunch went down right. These Valley Shriner's certainly do know how to entertain."

BIG AUTO TRIP

"Then, after we had eaten our fill, we got into three fine automobiles, that the Commercial Club provided for us and scooted around the vicinity taking in the most interesting sights that we had there for."

"There's no getting around it, that Fresno is about the finest country that a man could land in. We saw residences of the finest type and met with an eye to the artistic, ranches, vineyards and farms that looked as though they might have originated in the Garden of Eden because they certainly did look prosperous."

HOLLAND, 198 POUNDS

"The only thing that got my goat was when I passed old Holland on Kearney Boulevard where he was lined up alongside the road on account of a blow out. We found him twice in that condition, but he had demountable rims and didn't have to pump his tires up. We all were hoping that we could watch him reduce by pumping."

Try This Treatment For Hairy Growths

(Helps to Beauty)

A single application of a paste made by mixing together a little powdered detolone and water and applied to objectionable hairs for about 2 or 3 minutes, then rubbed off, takes with it every trace of hair or fuzz. The skin should then be washed to free it from the remaining paste and it will be firm and spotless. This is a quick, painless treatment, but its success depends greatly on using fresh detolone, which can be purchased only in original packages.

THREE WOMEN TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Streator, Ill.—"I shall always praise Lydia E. Pinkham's Vegetable Compound wherever I go. It has done me so much good at Change of Life, and it has also helped my daughter. It is one of the grandest medicines for women that can be bought. I shall try to induce others to try it."—Mrs. J. H. CAMPBELL, 206 N. Second St., W. S. Streator, Illinois.

Philadelphia, Pa.—"It was at the 'Change of Life' that I turned to Lydia E. Pinkham's Vegetable Compound, using it as a tonic to build up my system, with beneficial results."—Mrs. SARAH HAYWARD, 1825 W. Venango St., (Tioga) Phila., Pa.

San Francisco, Cal.—"I have taken Lydia E. Pinkham's Vegetable Compound for many years whenever I would feel bad. I have gone through the Change of Life without any trouble and thank the Compound for it. I recommend it to young girls and to women of all ages."—Mrs. C. BARRIE, 3082 25th St., San Francisco, Cal.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

VALLEY METHODIST PASTORS TO MEET

Election and Discussion of Evangelism Today At Initial Session of Year

At 10:30 this morning the Methodist Episcopal ministers of the San Joaquin valley will meet in First St. E. church of this city in regular initial session. It will be the first meeting of the new conference year and many new pastors will be present at the session of the association.

The annual election of officers will be held and plans made for the work of the year, so the gathering will be largely attended. A complete program of the institutional meeting to be held at Hanford next month will be presented for the approval of the preachers.

The day's program after the election of officers will consist of an address by District Superintendent John Oliver on "The Preacher and the Problem of Evangelism." This subject will be thoroughly discussed by the assembled ministers.

The district stewards will meet at 1:30, under the call of the superintendent, to consider the work of the district and to discuss and adopt business methods in regard to the finances of the churches.

The district board of stewards is made up of one steward from every church.

The Fresno district has just closed a most successful year, having increased seven per cent to the membership of the churches, besides building five new churches and six parsonages. As success breeds true enthusiasm, today's meeting should be full of Methodist vigor, declares Superintendent Oliver.

WIND AND RAIN IS LIGHT THIS MONTH

Temperature Low First Part of October, High Latter, Average Normal

Extremely light wind and rain have been unusual features of the month of October, according to the weather bureau, though in other respects the past weeks prove to be about normal. The forecast of this month was far below the average in temperature, whereas the latter part has been at most ten degrees above normal, making altogether an average approximately the normal of 65 degrees.

Lack of rain has been abnormal, for October usually sees 72 inches by this time. The customary showers have been missing and a light, immeasurable precipitation yesterday was the first trace of rain since the evening of October 8.

Many people have telephoned the weather bureau to find out the reason for the lack of wind, being compelled to pump by hand the water usually raised by wind-power.

Unsettled weather is predicted for today, but no rain is expected.

PLAYHOUSE RETAINS ITS UNION MUSICIANS

Mike Athens and Klette Reach Amicable Agreement In Conference

An agreement whereby union musicians will be retained in the Majestic theater on G street has been reached by the local Musicians' union and Manager E. J. Paolini. A week ago Paolini gave his union orchestra notice of its discharge stating that he could not afford to pay the wages demanded.

Union stage hands employed at the theater immediately notified the manager that they could not work in a theater which employed non-union musicians, owing to an agreement with the musicians' international.

Secretary Klette of the Musicians' union held a conference with Paolini Monday afternoon for several hours explained the advantage of a union house to the manager. Proprietor Mike Athens also discussed the matter with Klette, the result of the conference being that Athens and Paolini decided to retain the union men.

FRESNO SALESMAN TOOK THE ADVICE

Of Friends and Is Now Glad; Recommends Plant Juice to All As Tonic

Among the many out of town business men who visit Fresno there are few who are better known or have more friends than Mr. M. C. Straus, the wholesale cutlery man, whose headquarters are at 717 Market street, San Francisco. While in Fresno recently Mr. Straus said:

"A short time ago I was a nervous wreck and was in a really serious condition. A friend of mine was using Plant Juice and advised me to take it. I took his advice and am feeling fine in every way now, and am glad to add mine to the long list of well-known Californians who are endorsing this great remedy."

Modern ways of living and modern ways of doing business with its rush and competition tend to make nervous wrecks of all of us. These modern ills require a modern remedy. Plant Juice is just that. It is the newest and best combined in the latest and most scientific way to meet just these needs. When you get up in the morning feeling tired and listless, with no energy or ambition, no appetite, coated tongue, foul breath, a puffing look around the eyes and a general grudge, then it is time to take Plant Juice. It will correct all these and make you feel like a different person. It will give you new strength and vigor and a new interest in life and your business. If you have indigestion, flatulence, gas, bloating after meals, sleep poorly, dizzy spells, touches of rheumatism or neuralgia, catch cold easily, or in fact any or all of these most disagreeable symptoms that make you feel miserable, try not sick enough to go to bed, try Plant Juice. For sale at the San Joaquin Drug Company's store.

CHINESE HELD FOR KIDNAPING GIRL

Dora Seu, 13, Gives Damaging Evidence Against Wong Young

Upon the testimony of Dora Seu, aged 13 years, Wong Young was yesterday morning held to answer to the Superior Court by City Justice Graham on a charge of kidnaping. The girl, who was the chief witness for the prosecution, testified that Young accosted her while she was on her way to school. He took her to a room in the Berkeley hotel and there he forced her to have sexual intercourse with him. She testified that Young presented tickets for the girl and himself.

Dora Seu was reported absent one morning from school and the case was turned over to the court. Officer Storer, who heard that the girl had started for school. Her parents suspected Young of kidnaping the child. The arrest was made at Tracy and the couple was taken from the train.

D. S. EWING UP FOR SPEEDING TODAY

In the police court this afternoon the trial of Attorney D. S. Ewing, charged with breaking the state speed law, will take place. Ewing is represented by Attorney Frank Sherr. He says that if convicted he will serve time in jail as he will not pay a fine.

COPS MUST WALK DRUNKS TO JAIL

Chief of Police Coyne has issued another warning to his officers in which he states that drunks must not be hauled to jail unless they are unable to walk. The chief says that this step is necessary as the bill incurred by the officers every month for hauling drunks to jail are entirely too large. Coyne admits that it is not the best thing for an officer to walk a staggering man through the streets as the prisoner often uses vile language but the chief of police claims that he has no other method to the officers walking to jail with their prisoner is that it takes them away from the beats for various lengths of time.

WOMAN TO BE TRIED HERE FOR INSANITY

Mrs. C. H. McInnes, who was arrested in the Court House park early yesterday morning, will be tried for insanity as she was officially declared "sane" by the authorities at Patton asylum, in the southern part of the state, and therefore will not be returned. The woman claims she has been making her bed in the Court House park for the last seven nights and that she ran away from her husband after he secured her release from the Patton asylum.

CALIFORNIA EXAMPLE

The National Association of Railroad Commissioners yesterday took the side of Commissioner Eshleman of California against the Test commission, headed by President Hadley of Yale University. The general purport of the Eshleman reports, which was adopted by the whole body, was to sustain the policy of the California law in regard to the public supervision, not merely of the rates and services of public utilities, but of the financing of their securities. It is proposed that the laws everywhere shall do as the California law does in giving to commissioners adequate authority to see to it that in the financing of public utilities or their improvements, the securities be sold under conditions fair to the property, the investors, and the stockholders, and that the money raised for a certain purpose be devoted to that purpose.

This is, of all the steps in the way of regulation of public utilities, perhaps the most comprehensive, and in its way, the most radical. It was the one which aroused the most apprehension when proposed in California, but it is in fact the one which has tested itself best in experience and has turned out to be the most constructively useful. On its negative side it has, as intended, prevented abuses in the flotation of corporation securities. That was, of course, to have been expected, and is the ordinary incident of public regulation. But perhaps the unexpected result has also followed that it has actually made it easier and safer for corporations to borrow money for the development of their property. While the approval of the commission does not actually guarantee the security, it goes so far towards it as to make it more salable. It does guarantee that the proposition is bona fide, that there are no undue wastages or diversions, that the improvements alleged to be contemplated are actually called for in the growth of the business, and that the money subscribed will go into those improvements. Experience shows that investors would rather put their money into places where they know on public authority that this is what will happen to it. The California law is a radical one, but like most of that radicalism which is based on sound knowledge and practical experience, it turns out on trial to be the best and most constructive sort of conservatism.

NO USE TO ARGUE

It is no use to argue with a woman. Of course everybody knows that already, but Professor Muensterberg of Harvard has just proven it scientifically. He tried a test, first of observation and judgment, and second, of argument, on classes of men and women. Two blackboards which contained many white spots were set before the class. One blackboard had more spots than the other, but they were so arranged that it was not easy to determine with certainty, except by counting them, which had the most. At the first guess, 51 per cent of the men selected the correct board. Then ten minutes were allowed for discussion, each side attempting to convince the other that it was right. At the end of that time another vote was taken and 78 per cent of the men now gave the correct decision. The same experiment was afterward tried with a class of women. At the first decision, 49 per cent of the women chose the right board. Then the matter was turned over for discussion and another vote was taken. The second vote was exactly like the first. Exactly 49 per cent, composed of exactly the same persons, cast the vote in the second time in favor of the right board. The women in the first instance had done approximately as well as the men. A bare fraction over half of the men and a bare fraction under half of the women had made the correct decision. But after the debate, more than half of the men who had made the wrong decision were convinced of this fact by the arguments of the others, and yielded their opinions. Not one woman changed her mind, by any argument which any other woman could present. The experiment of course revealed nothing which has not been a common place of human knowledge ever since Eve refused to believe that the penalty for eating the apple would be imposed. But it is interesting to see the phenomenon reduced to exact and mathematical proof, by a Harvard professor.

LAWS TO BLAME

A portion of the criticisms made by Representative Scott Ferris of Oklahoma, chairman of the House committee of public lands, in an address before the International Dry Farming Congress yesterday in regard to the administration of the Interior Department were unquestionably justified. But most of the criticism is really against the system rather than against the persons who have administered it, or the objects which they have sought to attain. Mr. Ferris mentioned that he had served under four secretaries of the Interior, Bullinger, Garfield, Fisher and Lane, and that these four had had opposite views on many questions. This is probably true, but the final purposes of at least three of them were the same, and are wise and just purposes. The difficulty is, in the first place, that the federal laws themselves are

an accumulation of two generations of lawmaking, and that they have never been made consistent with each other, or applicable to the actual present problems of much of the public domain. It is also true that the Interior Department itself is an accidental growth of a lot of bureaus which happened to be thrown together in this single department. It is the biggest, the most incongruous, and of very necessity the most inefficient of all the administrative departments of the government. If all of its functions were placed in their respective departments it is doubtful if there would be anything left to justify the existence of an Interior Department at all. At any rate, its retaining and simplified functions, if there were any, would be something very different from the present impossible jumble.

Many of our secretaries of the interior have been some of the very best men who have ever sat in the cabinets of any President. They have done the best that they could and the best that anybody could do. That best has been too little. It could not have been done right under so wrong a system. The policy of conservatism to which Representative Ferris is apparently in some degree an opponent is a fixed and necessary policy of the United States. The first step towards bringing it about should be the reorganization of the department or departments in charge of it.

CHANGE IN MINING CLAIMS PROCEDURE

WASHINGTON, Oct. 29.—A reform in land procedure that will affect hundreds, if not thousands of cases in the West, was promulgated at a conference today between Assistant Secretary Jones of the Interior Department, and Representative Baker of California.

The department will soon issue regulations to provide that hereafter certificates will be issued by land office registers and receivers at the time that claimants for mining lands make their final proof, instead of holding up certificates until after an investigation of a claim by the government. This would mean a saving of several days to which mining claims are subjected.

TO START SCHOOL FOR LIBRARIANS

SACRAMENTO, Cal., Oct. 29.—A school for the education of librarians will be started in the state library at the capitol January 1, to provide the state and county libraries throughout California with official librarians, according to an announcement made today by State Librarian James L. Gillin. The course of instruction, which will be conducted along the lines of a regular library school, will be open to those who pass an examination which will be given for that purpose by the civil service commission in the first week of December. No tuition will be charged. A faculty has been chosen to give instruction.

AMERICA LAND OF IDEALS SAYS PAGE

SHEFFIELD, England, Oct. 29.—American Ambassador Page was the guest at the Cutlers' feast here tonight and accepted the British newspapers' designation of President Wilson as "an idealist President with an idealist program."

He said that it was nothing but idealism that induced the United States to cut a canal through Panama that had been a dream of the ages, but which ideal took the mind of the American people, the cost mattered not—five hundred million dollars was nothing.

NEW JERSEY WOMEN TO DEMAND SUFFRAGE

WASHINGTON, Oct. 29.—Women from President Wilson's state will swoop down on the White House November 16, it was announced today, to discuss "Votes for Women" with the President. Suffragists from New Jersey are coming then to labor with their sponsors and congressmen in support of a constitutional amendment providing for universal suffrage.

Leaders in the national suffrage headquarters here are seeking to arrange for the reception of the delegation at the White House.

WOMAN FOUND MURDERED

SAN JOSE, Oct. 29.—Mrs. Josephine Bannadoss, the 19-year-old wife of G. Bannadoss, an Italian resident of Mountain View, was found dead in her home at 5:30 this morning, shot through the head. The door was locked and her husband discovered the tragedy on his return from work tonight. The door was broken in. The woman was slumped to have been dead probably three hours. No pistol was found about the premises and the husband declares he never had one. It is thought to be a case of murder and the officers are now looking for a mysterious Italian who was seen in the town today. Jealousy is the supposed cause. The couple had been married about a year.

TWO MEN ARE KILLED WHEN SCAFFOLD FALLS

SAN FRANCISCO, Oct. 29.—Robert Harley and Thomas Hopper, bricklayers, were killed by the collapse of a scaffold today, and Isaac Newton, a fellow workman, is suffering from a broken hip and other injuries that may prove fatal. The men were engaged upon the brick work of a building in course of construction.

ELECTRIC COLLIER PROVES SUCCESSFUL

WASHINGTON, Oct. 29.—The electrically-driven collier Jupiter has made a successful 48-hour trial run off Santa Barbara, Cal. Captain P. M. Bennett, commanding the Mare Island navy yard, telegraphed the Navy Department today that the ship averaged 14-17 knots an hour for forty-eight hours, or more than three-quarters of a knot above her designed speed.

AGED MAN ATTACKS WOMAN AND CHILD

BURLINGTON, Iowa, Oct. 29.—T. H. Hall, 60 years of age, today attacked Mrs. Mary "Hedden" Hall, in whose house he roomed, with a hammer, made an attempt to kill Mrs. Tiedemann's little daughter and then drank poison, dying shortly afterward. It is believed Hall is insane. Mrs. Tiedemann is in a serious condition.

The WORLD'S MYSTERIES

MYSTERIES of ANTIQUITY

WHO WAS PYTHAGORAS?

The name of Pythagoras is a synonym for much that is great and haunting in philosophy, and he has left such an impress on this science that a philosophical system has been named for him Pythagoreanism, and yet there is no point in Greek philosophy that is more disputed than the proper interpretation of this "ism." Even the name of Pythagoras is looked upon by many scholars as problematic. It is not known when he was born, but it is generally supposed that it was some time during the 49th Olympiad, 584-581 B. C.

It is said that Pythagoras founded an exclusive brotherhood among the aristocracy of Crotona, where he went to reside about 580. The original purpose of this brotherhood was probably not political, and yet the society became involved in the fierce struggles between the aristocracy and the democracy that were at this time raging in lower Italy; and when the popular party gained the upper hand, in his wild fury it turned upon the Pythagorean brothers and burned them in their meeting places. Only a few escaped. It is not certain whether Pythagoras himself perished in this outbreak, or whether he had previously died peacefully in Metapontum, whether he is said to have retired when the storm was gathering. Neither do we know the date of this event.

It is said that Pythagoras studied in his own country under various noted scholars of his day, and also to have visited Egypt and many countries of the East for the purpose of acquiring knowledge. We have little trustworthy evidence, either as to the kind or the amount of knowledge which he acquired, or as to his definite philosophical views.

There is a celebrated story of his having discovered the arithmetical relations of the musical scale by serving accidentally the various sounds produced by hammers of different weights striking upon an anvil, and suspended by strings weights equal to those of the different hammers. The relation of the scale for the experiment, or they would have discovered that different hammers do not produce different sounds from the same anvil, any more than different clappers do from the same bell.

Apart from all direct testimony, however, it may safely be affirmed that the very remarkable influence exerted by Pythagoras, and even the fact that he was made the hero of so many marvelous stories, proves him to have been a man both of singular capabilities and of great acquirements.

Many writers believe that Pythagoras perished in the temple with his disciples, while others think that he fled first to Tarentum, and that, being driven thence, he escaped to Metapontum, and there starved himself to death. His tomb was shown at least, at Metapontum in the time of Cicero.

According to some accounts Pythagoras married Theano, a lady of Crotona, and other notices seem to imply (Continued on Page 5.)

The Brick Mason

By GEORGE FITZ
Author of "At Good Old Siwash"

The brick mason can be found wherever man is congregated together in towns and cities and is civilized enough to wear suspenders and a porous plaster.

Five thousand years ago the brick mason was a useful citizen and drove a roaring business. When the earth was still damp and new and the children of Israel had not yet escaped from Egypt, the brick mason was a power in the land and cured exceedingly the poor goods which the poor Israelite turned out after the straw supply was cut off.

The brick mason has a simple trade. It consists of piling bricks on top of each other and sticking them together with mortar. Occasionally, also, he has to squirt along the wall and see if it is true. This is the secret of his trade. It is all in the squirt. Any citizen can pile brick, but very few are equipped with the proper variety of squirt. Many a statesman is wise enough to run an entire nation and keep the national debt growing like fungus on a damp stump. But if he were to attempt to erect a brick wall it would develop rickets, blind staggers and a list to boot before it had gone up one story.

The brick mason needs few tools. He works with a flat, wide trowel and a full set of extra strong fingers. With the fingers he grabs the brick and with the trowel he smoothes it with mortar and slaps it into place. Wherever the sun is busy building the earth to a gentle brown and the fervid summer is sending the idle rich frolics to the seashore, the brick mason can be found perched half-way between heaven and elsewhere, laying superheated brick with searing mortar, and acquiring a complexion that

"His only pleasure in life is to yell at the hod carriers."

exerted by Pythagoras, and even the fact that he was made the hero of so many marvelous stories, proves him to have been a man both of singular capabilities and of great acquirements.

TRAIN CATCHING WATCHES

Every Jeweler takes a professional delight in recommending a watch that will run closer than the town clock, one that is capable of railroad time.

We have several such watches, one especially at \$25.00 highly jeweled, adjusted to position, temperature and isochronism. In more elaborate cases up to \$75.00. We put our skill at your disposal in selecting the best on the market.

EXPECT ANOTHER RAISIN ADVANCE

Packers Believe Associated Will Raise Prices Before Nov. 1

Local packers expect another advance in the price of raisins, in the trade, before the first of the month, although there has been no indication from Associated headquarters that the price will be raised at this time.

That prices on Muscats are to be raised, was announced by the Associated a week ago when it advanced the price of fancy seeded an eighth of a cent. In the same circular the statement was made that "on account of the shortness of the crop, these will undoubtedly be a further advance on all Muscat raisins."

Whether the Associated intends to advance the price on all kinds of Muscat raisins, loose and seeded, in the next few days is not known, but the general impression among the packers is that a general advance will be made. Some assert that they expect the price of fancy seeded, new crop, to go to 7 1/2 cents.

With the coming of the first of November, there has been much a good deal of discussion as to the amount of business that was done in October. It is generally claimed that the business this month will be less than for the corresponding month of last year, but it is asserted that this was to be expected as no effort has been made to force the trade into buying.

Some of the packers affiliated with the Associated have been complaining that they have found it very hard to secure orders from the East, while on the other hand, other packers who have made no efforts to sell, are working their plants night and day in order to get out their October orders. In one or two instances it is asserted that packers have almost oversold their capacity for October.

The East, as has already been indicated, is making a general demand for raisins, as stocks are low. This applies to practically every section of the United States and includes practically all of the states except a half dozen or a dozen in New York and Chicago. Definite figures on the shipments out of California for October will not be available until about the middle of next month.

—Advertisement—

IN THE LODGE ROOM

ODD FELLOWS

An important business meeting will be held tonight by Central California Lodge No. 242, I. O. O. F., at which a large attendance is desired.

An informal program, refreshments and social hour will follow the business.

FRATERNAL BROTHERHOOD.

Haitian City Lodge No. 722, Fraternal Brotherhood, met last evening with a good attendance. Four applications for membership were received.

The transfer card of Thomas B. Harris was received and he was enrolled a member of No. 322.

Brother Costa and Sister Rutherford reported better. Brother Marley of No. 1461 was reported sick.

The committee in charge of the Halloween dance tomorrow evening, reported that there would be a good number of ladies and black cats in plenty. Good music has been secured and everyone is promised a good time. The following committee has charge of the decoration of the hall: Florence Hopkins, Julia Campodonico, Ella Thiele, Mrs. J. C. Campodonico, Mrs. Clark, Brothers George Distel and Pierce.

The drill team of the lodge is practicing for the first of its series of social dances which will take place on Saturday, November 2.

District Manager H. J. De Camp was present and gave an interesting talk.

After the business meeting the regular social dance was enjoyed by members and their friends.

LOCAL BREVITIES

Rev. Johansen's Lutheran congregation will celebrate its annual harvest festival next Sunday, November 2, in the church on Elm avenue, with divine services in the Danish language in the morning and English services at 2:30 P. M.

Assessor G. P. Cummings and Chief Deputy Morton Hanson will leave Monday to attend the annual session of the State Association of County Assessors to be held at Jackson, Amador county, on Tuesday.

Assessor Cummings as the judging president of the association is wondering what the program of entertainment will be. The citizens of the county raised \$500 to entertain the visitors. One of the excursions will be a visit to the deepest mine in the world.

PERSONAL MENTION

J. P. Callender, a member of the Modesto county board of supervisors, spent the day in Fresno yesterday. Mr. Callender says that he has solved the question of water supply for his large ranch by putting a well and pumping water for his crops. He finds that the increased yield has nearly paid for the installation of the machinery.

SOCIETY

Complimenting Mr. and Mrs. Leo Parks of San Francisco, who are spending the week in Fresno as her house guests, Mrs. George P. Wells entertained last night at a smartly appointed dinner at her home on Kearney boulevard. While the roses, lavishly arranged, made the dinner table festive for the occasion, and attractive little place favors, which were the names of the dinner guests. The after dinner hours were pleasantly spent in Terpsichorean pastime in the ball room of the Wells' residence.

With Mr. and Mrs. Wells and Mr. and Mrs. Parks were Mr. and Mrs. W. Parker Lyon and Mr. and Mrs. Thomas Lynch.

Mr. and Mrs. Charles Teague have returned from an extended motor trip to the Atlantic seaboard and are making the Fresno hotel their headquarters for a time. Mrs. Teague was Miss Margarette Butler, of Piedmont, before her marriage, which was an elaborate social event of the early fall season in San Francisco.

The Wednesday Afternoon Card Club enjoyed its games of 11y yesterday afternoon at the home of Mrs. Harry J. Craycroft on L street. Mrs. A. R. McKinnon had the pleasure of soliciting for an absent member, and after the usual games, the gift for high score went to Mrs. Florence

Breed. The serving of tempting delicacies concluded the afternoon's meeting very delightfully.

Many Freshmen will be interested in the attractive little betrothal which is being sent out by Miss Eliza Madeline Bellows, of San Francisco, announcing her engagement to Garrett Martin Sears of that city. Miss Bellows made many friends in Fresno while the house guest of Mrs. J. C. Forkner (Miss Lewella Swift).

One of the many interesting events scheduled in the year book of the Parlor Lecture Club will be the stereopticon lecture which will be given at the club house this evening by Herbert W. Gleason, of Boston, on "The Canadian Alps." To many club members who have traveled east, over the scenic route of the Canadian Pacific Railroad, the vicinity is known and will further interest in tonight's lecture.

The audience is to be augmented by a large number of business women of the city who are to be given cards. These cards can be obtained by calling for them at Staples' Stationery store.

The chorus of the club will make its initial appearance for the season, presenting the lecture with two selections, "Carmina" by Lane Wilson and "Rose in the Bud" by Foster. Sanford Rich

The program of solos for the afternoon was as follows: "Lorelei" (German)—Mrs. A. Shubert; "Annie Laurie" (Scottish)—Mrs. W. E. Durbin; "I Wander Through the Woodland" (Danish)—Mrs. A. Hasselbalch; "On a Crystal Throne" (Swedish)—Mrs. A. Hasselbalch; "Lay Me Down to Rest" (Norwegian)—Mrs. A. Hasselbalch; "Last Rose of Summer" (Irish)—Miss Hohman; "Unto a Poor Blind Mother" (Spanish)—Mrs. John Nieu; "Cherry Blossom" (Japanese)—Miss Myrtle Parla; Yosemite Legends in song—Miss Hohman.

Two Indian Legends on phonograph—Mrs. George Taylor.

Mrs. Parker Truesell will entertain a number of friends at luncheon today, at her home on the Kearney estate.

The Leisure Hour Club held its meeting yesterday afternoon at the home of Mrs. E. D. Edwards on L street. Mrs. J. M. Edwards, concluding the course of lectures on the Shaker-pearl Bonnets.

The club will meet next Wednesday with Mrs. J. C. Hoxie, devoting the study period to a presentation of "Strife" with Mrs. Dresser as leader.

Mr. and Mrs. Alfred Becker are anticipating a visit from the latter's parents, Mr. and Mrs. D. Richard Martens, of San Francisco, who are expected at the latter part of the week.

Mrs. Roy Stanley entertained a number of friends at an afternoon of "sunt" yesterday at her home on North Main avenue. Mrs. George Kennedy proved most fortunate at the game carrying off the trophy for high score, while the consolation went to Mrs. C. E. Phillips. Three tables were arranged for the games, those of Arthur McAffee, W. W. Nevers, Victor Cox, H. G. Parsons, R. Chittenden, F. B. Wells, Harold, George Kennedy, C. E. Phillips, R. E. McCabe, Hurt Maul, J. V. McAffee, W. E. Bush.

The Wednesday Club held its regular meeting yesterday afternoon at the home of Mrs. F. E. Cook on K street. A large attendance attended the interest of the members in the excellent program for the afternoon. Mrs. F. E. Cook as leader, introduced the several topics and the speakers. Her own paper touching on the life and work of Ellen Key was discussed by the membership, extracts from "Love and Marriage" concluding her contribution to the afternoon's program. Mrs. Manson McCormick followed with a review of

will also contribute to the musical numbers, giving two MacDowell numbers, "Scottish Rhapsody" and "Fraeloch." As many of the members anticipate going to the Country Club party following the lecture, the hour for the evening's entertainment to commence has been set for 7:45 prompt.

A marriage of local interest was that celebrated yesterday morning in Los Angeles, when Miss Alice Bell Moore, of Cleveland, Ohio, became the bride of John Edwin Regan, a prominent young real estate man of this city. Mrs. Regan is a member of the George Washington Chapter of the Pi Beta Phi Sorority, which organization claims many members in Fresno. They will make their home temporarily upon their return to Fresno, at 311 Rosevelt avenue, after November 15th.

The two dancing parties which are to be given by the Riverside and Sunnyside Country Clubs this evening are among the anticipated Halloween festivities, a number of additional invitations having been extended by club members.

Mrs. F. E. Cook will entertain at dinner on Friday evening at her home on K street.

A wonderfully interesting afternoon was that enjoyed by the members of the Music Department of the Parlor Lecture Club yesterday afternoon with Mrs. George L. Warlow as chairman of the afternoon. As leader of the afternoon, she introduced the subject of the day, "Ancient Folk Songs" in a splendidly prepared paper, which was later illustrated by prominent talented members of the department.

"The Age of Minstrelsy" was the subject of a very comprehensive paper given by Mrs. Henry Lawson, and decidedly interesting were the "Ancient Folk Songs" compiled by Mrs. George Hastings.

The program of solos for the afternoon was as follows: "Lorelei" (German)—Mrs. A. Shubert; "Annie Laurie" (Scottish)—Mrs. W. E. Durbin; "I Wander Through the Woodland" (Danish)—Mrs. A. Hasselbalch; "On a Crystal Throne" (Swedish)—Mrs. A. Hasselbalch; "Lay Me Down to Rest" (Norwegian)—Mrs. A. Hasselbalch; "Last Rose of Summer" (Irish)—Miss Hohman; "Unto a Poor Blind Mother" (Spanish)—Mrs. John Nieu; "Cherry Blossom" (Japanese)—Miss Myrtle Parla; Yosemite Legends in song—Miss Hohman.

Mr. and Mrs. Alfred Becker are anticipating a visit from the latter's parents, Mr. and Mrs. D. Richard Martens, of San Francisco, who are expected at the latter part of the week.

ida Tarbell's "Tariff," also the subject of much discussion.

Edward Gates' life and writing was the subject of Mrs. Lavinia Griffin's interesting paper and talk which was finished by a delightful reading from the popular play, "The Poor Little Rich Girl." Mrs. Frederick Liddle gave a brief review of Margaret Dand's novel, "The Iron Horse," "Henna Ritchie," and the Dr. Lavender, Tale of Old Chester, this concluding one of the most delightful of the afternoon's schedule for the winter season.

Mrs. J. F. Bates will be the club's next hostess at her home on Jensen Avenue.

An anticipated Halloween affair is the dancing party which will be given on Friday evening in the Parish Hall, by the members of the Y. M. C. A. Halloween games will furnish amusement for the early part of the evening, and later dancing will follow.

Mrs. A. C. Mudge entertained the members of the Take Embroidery Club very pleasantly yesterday at her home on Webster Avenue. The usual hour of membership was observed by the singing of tempting refreshments. Mrs. Mudge being assisted in dispensing hospitality by her sister, Mrs. Fellows and her daughter, Miss Mudge.

The club will be entertained two weeks hence by Mrs. J. E. Strahan.

The Eschscholtz Embroidery Club held a very delightful meeting yesterday afternoon at the home of Mrs. Bert Cardwell at her home on U Street. A sewing contest proved a lively innovation for the afternoon, the prize going to Mrs. George Turner, invited guests for the afternoon were Mrs. William Cardwell and Miss Bonzie Wright, Mrs. George Turner will entertain the club in two weeks.

The Sunshine Club will meet this afternoon at the home of Mrs. Mathilda Ingersoll, 1125 Blackstone Avenue.

The solemnization of the nuptials of Miss Frances Blakey and Mr. Harry Beaser at the First Presbyterian Church yesterday morning was of much interest to the many friends of the young couple. Miss Blakey, since her coming from Alabama a year or two ago has endeavored herself to many friends, and Dr. Beaser stands high in the rank of professional men in this city.

Miss Myrtle Parla has returned from San Francisco, where she has been visiting for the past month.

Mrs. J. E. Howard will entertain a congenial group of friends on Friday evening at her suburban home.

The marriage of Miss Agatha M. Thoman and Walter P. Lyden was solemnized at 7:30 mass Wednesday morning at St. John's Catholic church. Rev. O'Connell officiating. The church was filled with guests. The bride, Miss Thoman, was escorted by her brother, Mr. Lyden, who was also the best man. The wedding breakfast was served at the home of the bride's parents.

They will take up housekeeping immediately in a beautiful new bungalow furnished by the groom.

A Halloween social will be given to all members and friends of the First Christian Church by the Altar Guild at the home of Mrs. N. Christian, 630 Northcamp. An evening full of fun is assured by the stirring program prepared. Following is the program: Instrumental Solo—Miss Hazel Ward of Sacramento.

Vocal Solo—Miss Myrtle Witham. Reading—"The Goblins," Christine Sedinger.

Reading—"Seeing Things at Night," Master Claude Minard.

Solo—Mr. Ed White.

Solo—Mrs. Shirley Shaw.

Vocal Solo—Mr. D. Zimmerman.

In connection with the musical program, all sorts of Halloween stunts will be carried out. Ghosts, Goblins and Witches will be there, also a real fortune teller. Refreshments will be served suggestive of the occasion.

A reception for Rev. and Mrs. E. Guy Talbot will be given at Grace M. E. church Friday evening. The affair will be under the auspices of the Ladies Aid society. Rev. Frank H. Cowgill of the First M. E. church, Rev. John Oliver, district superintendent and Mrs. Oliver, and others prominent in church work will be present. A short program will be given followed by refreshments and a social evening.

Mrs. W. H. Schofield of Conley, Colorado, is visiting with Mr. and Mrs. E. W. Hyde at their home on Shields Avenue.

The Sunshine club will meet with Mrs. Mathilda Ingersoll today at her home at 1125 Blackstone Avenue. Visitors will be welcomed.

The "Hermann Special" suit has won out with the well dressed men of Fresno because it embodies the latest style ideas, it gives you choice of the very newest fabrics, it fits perfectly and is tailored in a masterly way. C. C. TRACTION CO. TO OPERATE TIDEWATER

Will Take Over Line From Stockton to Modesto In Few Days

SACRAMENTO, Cal., Oct. 29.—Within a few days the operation of the Tidewater and Southern Electric line, extending from Stockton to Modesto, a distance of thirty-seven miles, probably will be taken over by the Central California Traction Company.

W. P. Neville, general agent of the Central California company, admitted today that negotiations had been in progress for some time, and were expected to have been completed October 15. Other officials have confirmed the fact of pending negotiations.

The Tidewater road has already been surveyed to Fresno and construction is now under way to Turlock, a distance of fifty miles from Stockton. The road from Stockton to Modesto was completed about a year ago and steam trains have been operating. A few months ago, electrification of the line started, in line with the original plans for an electric road.

While the Central California Traction Company takes over the operation of the road, it is understood that there will be no change in ownership. The president of the Tidewater is Herman A. Pearce, a capitalist of Stockton, while L. H. Laidie is traffic manager.

As soon as the electric line from Stockton to Turlock is completed it is expected that bonds will be issued, sufficient to permit construction to Fresno. The line from Stockton to Turlock has been built by stock subscriptions alone.

MAHONEY DID NOT INSPECT ROUTE

Because of an accident to his automobile, P. H. Mahoney, one of the backers for J. E. Rogers' interurban line to Clovis, did not arrive in Fresno yesterday morning as expected, but is now in San Francisco. He will not come down over the route until next week. Rogers received word yesterday morning of the accident to Mahoney's car and did not make a trip over his line.

TURLOCK BOY ROBBER IS CAUGHT IN IOWA

Young Man Who Led Two of His Cousins in Robbing Store Is In Custody

TURLOCK, Oct. 29.—Word was received here today by City Marshal W. T. Vary that George Noble, the boy who together with Clell and Marion Smith burglarized the Turlock Drug Company's store last week, had been arrested in Iowa, where he had fled after committing the crime. A representative of the sheriff's office will go East at once and bring Noble back for trial. He is a Los Angeles lad, and was here visiting his cousins, the Smith boys, when the burglary was committed. The Smith boys are still in the custody of the probation officer and their case will not be disposed of until young Noble is brought back.

FERRIS ATTACKS FEDERAL LAND LAWS

Jargon of Inconsistencies That Retard Progress Says Congressman

TOLSA, Okla., Oct. 29.—Representative Scott Ferris of Oklahoma, chairman of the House committee on public lands, in an address before the International Dry Farming Congress here tonight criticized the administration of affairs in the Interior Department and assailed federal land laws as a confusing mass of executive orders, rulings, interpretations and decisions made by bureau chiefs and clerks in the various ramifications of the Interior Department.

"Our land laws are crude in many respects, irreconcilable, inefficient, without uniformity, confusing to the brain of the settler and impossible of interpretation by the layman," Ferris declared. "Most of our so-called land laws are a confusing mass of executive orders, rulings, interpretations and decisions made by bureau chiefs and clerks in the various ramifications of the Interior Department."

"In my service in Congress we have had four secretaries of the Interior, Garfield, Ballinger, Fisher and Lane. The views of these four men have differed in policy on questions of land reclamation and many of the decisions made actually are obstructive to the settlement of the lands of the West and a blight on the development of the unbounded resources of a nation."

"On the question of management of our public lands, the last two national administrations have been wandering in a maze of confusion which is blighting to both East and West."

Ferris urged that land withdrawn by the government for exploration for minerals but found to contain none should be quickly restored to settlement.

"Conservationists who believe in lighting free and irregular dealing are those among whom we will all finally unite," Ferris continued. "But the conservationists who believe in a policy of non-use, and oppose well regulated use and development of our resources in my judgment are without real first hand information as to true conditions."

Ferris urged that land withdrawn by the government for exploration for minerals but found to contain none should be quickly restored to settlement.

"After a period of terrible anxiety Dr. Hsiung was released and restored to civil rights, thus faring better than some of his compatriots. His subsequent appointment to posts in the government of his native country, such as director of agriculture, director of industry, director of commerce and mining, and director of works, were only in gratitude acknowledgment of his rare ability. Certainly they were not commensurate with his rights as a Han Chinese scholar which entitled him to posts of national importance in contradistinction to the municipal offices which the crown doled out to him in a vain attempt to smother his advanced views."

Finally, Dr. Hsiung was promoted and transferred to faraway Manchuria. He was salt commissioner up there when the revolution of 1911 broke out. He immediately resigned and became president of the republican propaganda committee in his native province of Honan.

The installation of Yuan Shih Kai as provisional president on March 10, 1912, was coincident with Hsiung Hsiung's appointment as minister of finance in the first cabinet. He remained there until later because of the six power loan. He continued to be employed by the government, however, as chief of a native commission for the negotiation of foreign loans. He had a great deal to do with the Crisp loan. Several months ago he was made lieutenant general of Jehol, a place in the hills north of here, where the defunct Manchuk court whiled away the summer days.

As premier of China Hsiung Hsiung will be progressive but far from radical. His training in the sciences is a guarantee of that. Substantial success in his difficult role is predicted for him.

Engineers started work yesterday surveying the interurban route past Clovis that is being promoted by F. S. Granger. It will take several days to complete the work. Granger stated last night that he secured many deeds yesterday and his end of the project was rapidly being cleaned up.

DISMISSED EMPLOYEES RESTORED TO JOBS

Civil Service Commission Takes Action In Case of Architect's Office

SACRAMENTO, Oct. 29.—Following a conference today between the State Civil Service Commission, State Engineer McClure and State Architect McChough, it was announced that the seven employees of the state architect's office who were notified last week by McClure that in the event of efficiency their services would not be required after thirty days, are to be retained in the state's employ.

The commission pointed out to the department heads that while the civil service law protected the departments its function was also to protect employees, and that unless charges were filed and trials held, employees could not be summarily dismissed.

McClure agreed to rescind the order dismissing the men whose salaries ranged from \$1200 to \$2400 a year.

By special resolution the commission exempted the industrial accident board from the operation of the civil service law for one year. President Reed announced that the policy of the Commission hereafter would be to exempt the different departments until they got their work well under way and their employees classified.

INFANTILE PARALYSIS CLOSSES EUREKA SCHOOL

EUREKA, Cal., Oct. 29.—Owing to the threatened epidemic here of infantile paralysis the city board of health issued an order today closing all Eureka public schools and Catholic schools. All houses in which the malady has appeared are being rigidly quarantined and all persons in the city have been instructed to keep their children isolated. Public dances have been forbidden.

Seven cases, two resulting fatally thus far, have been reported. Two new cases were brought to the attention of the health authorities today when two babies in one family were stricken.

SEVERAL AUTO RACE ACCIDENTS MAR FAIR

BIRMINGHAM, Ala., Oct. 29.—A series of accidents marked the running of the state fair grounds today when a

CONSERVATIVE LEADER DEFIES GOVERNMENT

Andrew Bonar Law Joins
Carson in Position On
Ulster

NEW CASTLE, England, Oct. 29.—Speaking from the same platform as Sir Edward Carson, the Ulster Unionist leader, Andrew Bonar Law, the opposition leader in the House of Commons, tonight pledged the support of the Unionist party to Ulster, even to the extent of forcible resistance to home rule. But his eagerly awaited reply to Premier Asquith's offer of a compromise on October 25 consisted merely of a statement that the Unionists would carefully consider any proposal the prime minister cared to make relative to a solution of the home rule problem, if a solution were possible.

Law expressed the opinion that the only logical way the government could avoid the responsibility of plunging the country into a civil war was to secure a mandate of the people by a general election which if it favored home rule would be acquiesced in by the Unionists. The Unionist leader compared the situation in Ulster to conditions in America preceding the Civil War.

Sir Edward Carson, who followed Andrew Bonar Law said:

"I will consider all this overture when they are put into plain language. But I tell the government that so far as I am concerned no offer will be of use unless it is consistent with the solemn covenant into which the government has driven Ulster."

WANT MORE ORDER IN METHODIST FINANCES

Too Many Appeals for Aid
Made to the Local
Pastors and Churches

INDIANAPOLIS, Ind., Oct. 29.—The only way out of the complex financial situation of the Methodist Episcopal Church is for all the various boards—mission, Bible, church extension and Sunday schools—to get together and make systematic canvasses for collections. This was the remedy suggested today by Dr. S. Earl Taylor, secretary of the board of foreign missions of the church.

"Under the present almost total lack of financial plan we are staggering pastors and laity with multiple appeals for aid," said Dr. Taylor. "The only remedy I can see is for all of the boards to get together on one general plan."

System is the keynote of the new church financial scheme as explained by Dr. J. B. Trimble of Iowa. The treasurer and two church budgets are called in the plan, and Dr. Trimble said it had proved successful.

YEAR FOR SMUGGLING.
SAN FRANCISCO, Oct. 29.—Robert T. Donaldson, former assistant marine superintendent of the Pacific Mail Steamship Company, must serve a year in the Alameda county jail for smuggling opium. The United States Court of Appeals affirmed today the judgment of the United States District Court, in which Donaldson was sentenced.

Donaldson was taken to Oakland today to begin the serving of his term.

PLAGUE RAT FOUND FAR WITHIN SEATTLE

Fight Against Infected
Rodents to Be Pursued
With More Vigor

SEATTLE, Oct. 29.—The catching of a bubonic plague infected rat at University street and Railroad avenue 1500 feet farther north than any infected rat heretofore has been captured, caused City Health Commissioner Critchton to issue an order today for a more vigorous campaign against rodents. Seven plague infected rats previously had been caught.

A force of forty men will begin work tomorrow investigating the method of garbage disposal along the waterfront. Owners of business property will be instructed that all garbage must be placed in covered cans so rats cannot have access to food.

The federal health authorities are enforcing strict regulations along the waterfront to keep rats from landing from incoming vessels.

CONFESSES ATTEMPTING TO POISON HUSBAND

Mrs. Mary Hamilton Names
the Other Man In
the Case

STOCKTON, Oct. 29.—Mrs. Mary Hamilton, who was indicted yesterday by the grand jury on a charge of having put poison on food with intent to injure her husband, Grover C. Hamilton, confessed today to her husband that she had attempted to murder him. She also confessed that she had been untrue to him, naming William Coulter, a neighbor, as her affinity. Cross-questioning in the grand jury room, followed by the indictment led to the confession today. The husband, who until he heard his wife's confession had implicit confidence in her, pleaded with the grand jury to withhold knowledge from his wife of the indictment until he could break the news to her. When he did so in soothing terms, she broke down and confessed her guilt and her unfaithfulness.

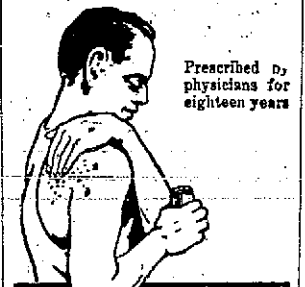

Coulter has been questioned by the officers. Mrs. Hamilton shields him from all connection with the poisoning attempt.

METHODIST MEN IN NATIONAL CONVENTION

INDIANAPOLIS, Oct. 29.—The national convention of Methodist Men separated into nineteen section meetings this afternoon, after hearing C. A. Rowland of Athens, Ga., representing the Southern Presbyterians, A. E. Cory of Cincinnati, for the Disciples of Christ, and J. Campbell White of the United Presbyterians, tell what their churches had been doing in the missionary fields.

Each sectional meeting represented the territory of a bishop in the United States and each discussed the proposals for the enlargement of the church, especially the new financial plan introduced in the convention, as they affect their particular territories.

White in an address tonight said if fifteen millions of the twenty-three million Protestant church members in America would give as much per member, \$2.50, as the United Presbyterians gave last year, there would be funds enough to evangelize the world in the present generation.

Resinol
the skin treatment
that acts instantly

YOU don't have to wonder if Resinol is doing you good, you know, because the first application stops the itching and your tortured skin feels cool and comfortable at last. Won't you try the easy Resinol way to heal eczema or other eruption?

DENIES RETURN TO SPOILS SYSTEM

Commissioner of Internal
Revenue Issues Letter
to Collectors

WASHINGTON, Oct. 29.—By direction of President Wilson, Commissioner of Internal Revenue Osborn instructed collectors throughout the country tonight that the recent action of Congress in removing deputy collectors from the protection of the civil service did not mean a return to the spoils system and was taken only for efficiency. In a letter to collectors, Osborn said:

"Collectors are advised that the object of this provision of law is efficiency, and only efficiency, and that any tendency to use this class of appointments merely for personal reward or for anythingavoring of spoils system will be considered a very serious disregard of public duty. No appointments in this class of officers shall hereafter be made by collectors without the approval of the department."

STATE BOARD TO DECIDE ON ROADS

Will Not Leave Questions of
Specifications to Local
Bodies

SACRAMENTO, Cal., Oct. 29.—The state highways which are to be constructed throughout the state by the State Highway commission will be built of material approved by the members of the commission and not at the whim of the governing body of any particular locality. This statement was made by Burton A. Towne, president of the state commission today when asked if the Alameda county supervisors would be permitted to dictate the location of the roads before subscribing to \$500,000 in highway bonds. The Alameda supervisors have taken the stand that the roads in that county must be built according to their own specifications before they will buy bonds.

STATE OFFICIAL IS CHARGED WITH GRAFT

Said to Have Purloined
Funds of Insane
Asylum

SAN BERNARDINO, Cal., Oct. 29.—Dr. F. C. Wishard, secretary of the state hospital for the insane at Patton, was arrested today on the charge of misappropriation of state funds. The charge was made by John Francis Neylan, chairman of the state board of control, who alleged in the complaint that the shortage amounted to \$300. Neylan, who has been here investigating, declared that the alleged embezzlement would total much more.

MAYOR SAYS NOME IN NEED OF \$50,000

SEATTLE, Oct. 29.—The mayor of Nome, sent a cable dispatch today to the Seattle chamber of commerce in which he said many persons were destitute and would need financial aid or transportation. He said \$50,000 would be needed to carry Nome through the long winter, in addition to the \$15,000 already received. Government assistance was asked.

EXPLAIN DISASTER TO LAST DIRIGIBLE

BERLIN, Oct. 29.—The explosion of the dirigible Zeppelin L-11 on October 17, with cost the lives of twenty-eight men, is attributed in the official report today to a partial vacuum found in the center gondola behind a new type of wind shield. This was used for the first time on the craft, and it sucked the gas escaping from beneath the aluminum structure of the dirigible into the gondola, where it was exploded by a spark from the motor.

The possibility of such suction had been overlooked by the Zeppelin's constructors and the naval aeronautic experts. The shield is not to be used in the future.

INVITATIONS READY FOR WHITE HOUSE WEDDING

WASHINGTON, Oct. 29.—Invitations for the White House wedding on November 25 were being issued today. The invitations are engraved simply and read:

"The President and Mrs. Wilson request the pleasure of the presence of their daughter, Miss Jessie Woodrow to Francis Bowes Sayre, on November 25, nineteen hundred and thirteen, at half after 4 o'clock at the White House."

The number of invitations has not been decided upon and it is not yet ready for announcement.

FOUR MEN HURT WHEN FILM OFFICE BURNS

LOS ANGELES, Oct. 29.—Four men were seriously injured today when the California Film Exchange was partially destroyed by fire at a loss of \$50,000. R. G. Gagliardi, a fireman, suffered severely from an electrical shock when he was thrown against a live wire by a falling wall. All of the injured will recover, it was stated by their physicians.

W. C. T. U. CONVENTION
ASHBURY PARK, N. J., Oct. 29.—The Fortieth annual convention of the National Woman's Christian Temperance Union opened here today with meetings of the executive committee. Delegates from all parts of the United States and many from abroad will be in attendance until November 6.

KING WANTS NEW BIOGRAPHY OF SIRE

LONDON, Oct. 29.—It is understood that King George is so dissatisfied with recently published biographies of his father, the late King Edward, that he has consented to the preparation of an authorized biography from state papers and recollections of intimate friends under the general supervision of Viscount Knollys, the late king's secretary. It is said that Lord Roseberry will be invited to write the biography.

NEW HEAD ELECTED FOR ROCK ISLAND LINES

NEW YORK, Oct. 29.—Daniel G. Reid, retired statesman, chairman of the board of directors of the Chicago, Rock Island and Pacific Railway company, in favor of Thomas M. Schumacher, vice-president of the El Paso and Southwestern company, which is controlled by the Banking firm of Phelps, Dodge & Company. Schumacher was elected to this new position at a meeting of the Rock Island directors and was also chosen chairman of the road's executive committee, succeeding W. H. Moore.

Although it is understood that Phelps, Dodge & Company have purchased a stock interest in the Rock Island, it was announced that Schumacher's election did not indicate any change in the control of the system which, it was stated, still lies with the Moore-Reid interests.

SEVEN YEARS' TERM FOR COUNTERFEITER MURET

NEW YORK, Oct. 29.—Ernest A. Muret, hogg, dentist and companion of the Rev. Hans Schmidt, slayer of Anna Ammiller, was sentenced today to serve seven years and six months in the federal prison at Atlanta for having in his possession a complete outfit to be used in counterfeiting \$20 bills. Muret was convicted yesterday.

In sentencing Muret, the court denied his request to be permitted to return to Germany and remain there. A physician, appointed by the court to examine Muret, reported that his lungs were affected by disease, but that he was not a victim of tuberculosis.

NEW ATTACK ON GIBSON.

NEW YORK, Oct. 29.—Burton W. Gibson, the New York lawyer, twice tried without result for the murder of his client, Rosa Menschik Sabbo, was arraigned here today to plead to four indictments charging him with riding her estate. Three of the indictments charge grand larceny, the fourth forgery.

As administrator of her estate Gibson has asked that he be allowed to account satisfactorily for the \$7,100 of the \$10,000 which she left.

Gibson was allowed a postponement until Monday to enable him to study the charges.

ARGUING TO SAVE

THIRTY DYNAMITERS

Technical Defense Presented
Before Federal Appellate
Court At Chicago

CHICAGO, Oct. 29.—Objections to the conviction of thirty of the thirty-three "dynamite plotters" at Indianapolis last December were laid before the United States circuit court of appeals today in an appeal of the men to have the verdict set aside.

On behalf of Frank M. Ryan, president of the Iron Workers' union; Olaf S. Pettersen, San Francisco, and other labor union officials, attorneys pleaded guilty of conspiracy in the dynamite plot. Chester H. Krum, their chief counsel, argued before the court:

"That even if the defendants had been guilty of illegally transporting dynamite and nitro-glycerin on passenger trains in violation of federal law, and even if they had blown up the work of contractors who refused to join the union, the statute of limitation had run against the offenses before the men were tried."

"That the federal court at Indianapolis committed an error in allowing Orlin E. McManigal and Edward Clark, confessed dynamite makers, to testify

against the other men, because Clark and McManigal were co-defendants, and their testimony was incompetent. That the destruction of non-union work was an offense against the state and not against the federal government.

"That the law prohibiting transportation of explosives on passenger trains was a precaution for the safety of passengers and was directed against the railroads.

"That the men were convicted both of conspiracy and of direct violation of the same evidence and therefore were punished more than once for the same offense."

"It was as lawful to punish these men twice or three as it would be to try them more than once on the same charge," said Krum. "Further, it is inconceivable that men residing in Boston, San Francisco, New Orleans, Duluth, Philadelphia and other places equally scattered could have gotten together with a common understanding to blow up the railroads."

McManigal. Most of them never heard of McManigal. The law specifically designated passenger trains. What would be the purpose of these men in conspiring to carry explosives lawfully on passenger trains? There could be none."

District Attorney C. W. Miller of Indianapolis will begin tomorrow the argument of the government.

DUKE TO FIGHT CHARGE
SEATTLE, Oct. 29.—Laurence Duke, son of Brodie Duke, a wealthy tobacco manufacturer, pleaded guilty today in the Superior Court to the charge of manslaughter preferred when Duke's automobile ran down and killed two men on the county road, nine miles south of Seattle two weeks ago.

The Lockwood System of Dentistry Without Pain

LECTURE No. 8.

Bridgework

There are many people doubtless that are aware of the advantages of this method of restoration, but are deterred from having it done on account of the fear of being hurt.

With MY SYSTEM this need not be considered. I have demonstrated to hundreds of people in Fresno and vicinity that I not only do bridgework PAINLESSLY, but all other operations in dentistry.

Having specialized for 15 years in bridgework assures my patrons that any service they receive at my hands will be done in a thoroughly competent manner that will prove a source of comfort and satisfaction.

My prices are moderate.

U. S. MANUFACTURER NOT BADLY AFFECTED BY NEW TARIFF SAY HARDWAREMEN

ATLANTIC CITY, N. J., Oct. 29.—That the American manufacturer will be able to compete successfully against foreign-made goods entering this country under the new tariff law, at least as far as hardware products are concerned, was the opinion expressed here today both at the convention of the American Hardware Manufacturers' Association and that of the American Hardware Jobbers' Association.

MISSING MAN MAY LOSE \$150,000 ESTATE

NEW YORK, Oct. 29.—Surgogian Colahan sounded today the last call for John Kopp, last seen at Croville, Cal., fifteen years ago, to claim a legacy of \$150,000 left him by his mother in 1908. Four weeks ago the money has remained unclaimed in the office of the city chamberlain.

According to a petition filed by Kopp's brother, Albert, who lives in the city, Kopp died from Orville in July, 1908, of Quincke's edema, an epidemic of smallpox. He has not been seen since and the brother fears he may have been killed. Unusual efforts have been made to find him, according to affidavits filed in the petition, but they have yielded no trace of his whereabouts. Albert Kopp seeks to have the missing man adjudged dead and himself appointed administrator of the estate.

**COLUMBUS CARAVELS ON
WAY TO EXPOSITION**
CLEVELAND, Ohio, Oct. 29.—The three Columbus caravels, the Nina, Pinta and Santa Maria, which came to Cleveland on their way from Chicago to the Panama Exposition at San Francisco, left here today for San Francisco. For a time it was reported that the trip would be abandoned.

GATES FUNERAL NEXT SUNDAY.
NEW YORK, Oct. 29.—Funeral services for Charles G. Gates, son of the late John W. Gates, who died suddenly at Cody, Wyoming, yesterday, will be held at the Madison Square church here next Sunday afternoon. The special train from the West bearing Mr. Gates' body is expected to reach here Friday next.

Gates will be buried beside his father in Woodlawn cemetery. Because the monument erected by the family is still in process of construction, the body will be placed temporarily in the family vault.

GERARD MEETS KAISER
BERLIN, Oct. 29.—The new United States ambassador to Germany, James W. Gerard, was received in audience by Emperor William today. He presented his own credentials and the farewell letters of his predecessor, John G. A. Leishman. The conversation between the two diplomats was informal, dealing principally with sporting topics. Scarcely any mention was made of politics.

OYSTER COMPANY FAILS
NEW YORK, Oct. 29.—The Sealship Oyster company of New York and Boston, a \$4,000,000 corporation, was placed in the hands of receivers today on an application in the federal court of the Old Colony Trust company of Boston, trustee of its \$2,500,000 convertible bonds. The oyster company defaulted interest on the bonds last July.

INFANT PARALYSIS.
EUREKA, Cal., Oct. 29.—Two deaths occurred today in the epidemic of infantile paralysis which has caused all schools to be closed and the board of health to issue an order that children under 5 years of age be excluded from all places of public congregation, including churches, theaters and Sunday schools. Fifteen cases have been reported thus far.

BAPTIST EDITOR DIES.
LOUISVILLE, Ky., Oct. 29.—Rev. John Newton Prentiss, editor of the Baptist World and prominent in the affairs of the Baptist church in the United States and abroad, died suddenly at his home here today. He was secretary of the American executive committee of the Baptist World alliance. He suggested and promoted to success the Baptist World Congress held in London in 1905.

**Acid Stomachs Are
Dangerous**

Common Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach. The result is probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicine and medicinal treatments are useless in such cases. They leave the source of the trouble, the acid, in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bicarbonate of soda, a simple anti-acid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but prevents the fermentation from which acid is developed. Foods which ordinarily cause gastric distress may be eaten with impunity if the meal is followed with a little bicarbonate of soda, which can be obtained from any druggist, and should always be kept handy.

EDUCATION NOTES

Detroit has appropriated \$5,000 for school dental inspection and clinics in 1913-14.

In Wisconsin 72 towns have entered a state-wide social-center organization.

Students at Hopkins Academy, Hadley, Mass., learn to work concrete as a regular part of their course in agriculture.

In a group of 25 boys taking "part-time" agricultural work in five agricultural schools in Massachusetts last year, 2 earned more than \$200 each, 12 more than \$100, and only 3 less than \$100, from their farm products.

Notwithstanding the troubled conditions in Mexico, 167 new government schools for the native population have been opened in the various states, according to a statement of Latin American republics in the annual report of the Commissioner of Education.

As a result of a vigorous campaign waged by the Philippine bureau of education at Manila, there has been a decided increase in the production of corn, and a large decrease in the use of rice, formerly the chief article of diet in the archipelago.

High school pupils in eight American cities spent in tuition and a half dollar each school year for lunches. The American Home Economics Association estimates that this amount, spent for lunches outside of school, will buy only \$1,000,000 calories in the school lunch room, with its carefully supervised menu, it will purchase the equivalent of 175,000,000 calories.

Women students in American colleges and universities will have a chance to reveal their sentiments on "International Peace," the Lake Mohonk Conference offers two prizes of \$200 and \$100, respectively, for the best essays on the subject by undergraduate women students in American colleges. For men students there is a prize of \$100 for an essay on "International Arbitration."

Comparisons based on a butter-scoring contest so aroused the citizens of Rome, S. C., that they have erected a dairy barn and milk room on the grounds of the local school, in order that the children might learn dairying as a regular part of their school work. Accommodations have been provided for 5 cows. Boys and girls of the 7th and 8th grades are studying the best methods of dairying under the direction of an extension worker from Clemson Agricultural College.

BRIEF EDITORIAL FANCIES SELECTED

Money Instinct of Suffragets
London Truth can usually be trusted to get to the facts of a situation and Truth says that the whole suffragette movement in England is based upon the money-getting instinct of its leaders. While Mrs. Pankhurst and her delightful daughters were still in private life it was generally understood that they were in reduced circumstances, and that they were kept out by their dress and manners of life. But all this was changed as soon as militancy began to appeal for financial aid in pursuit of its campaign. It was evident at once that Mrs. Pankhurst belonged to the class of the newly rich, with her daughters began to dress and comport themselves more like debutantes than leaders of a great reform. The disastrous collapse of the subscription list in England therefore implied a financial stringency of a painful personal nature for the ladies who depended upon it for their support in England and for the pleasant residences in Paris that served as interludes in the strenuous campaign. An American tour naturally suggested itself as a relief measure and as the easiest way in which the newly acquired habits of luxury might be sustained. An expectation that was well founded. It is a pity that Mrs. Pankhurst was to receive from her American audiences—Argonaut.

**SAYS LIQUOR INTERESTS
FOUGHT WOMAN SUFFRAGE**
BOSTON, Oct. 29.—How suffrage was won by the women of Illinois was described by Mrs. Martha McCormick of Chicago, at a luncheon given in her honor today by the Boston Equal Suffrage Association. Anti-suffragists as well as suffragists made up the party of 150 women who attended.

"As I have started to the finish, the liquor lobby was our real foe," said Mrs. McCormick.

HEBREWS TO ORGANIZE
NEW YORK, Oct. 29.—More than 100 delegates representing young men's Hebrew associations, educational alliances and Hebrew institutions in various parts of the United States will meet here next Sunday. It was announced tonight to organize a federation of such organizations throughout the country.

SMUGGLERS INDICTED
SAN FRANCISCO, Oct. 29.—The federal grand jury returned separate indictments today against each of the eighteen customs officers, dock watchmen and others who were arrested two months ago, charging each of the men individually with opium smuggling, in addition to the general charge of conspiracy in smuggling. Each of the men previously had pleaded not guilty to the latter charge.

A TEST CASE.
Recently an old friend of the Browns went to see them at their new country home. As he approached the house a large dog ran out and began barking at him. Through the fence.

"An old friend of mine," he called out, "I have heard about the dog." "How do you do?" "Come right in. Don't mind the dog."

"But won't he bite?" exclaimed the friend, not anxious to meet the canine without some assurance of his personal safety.

"That's what I want to find out," exclaimed Mrs. Brown. "I just bought this morning."—From the Chicago Journal.

EUGENIC TRIUMPH
Tippin—You have a new baby in your house, I hear.

Dawson—Great guns! And we live four miles apart! I had no idea my little child had that distance!—From London Tit-Bits.

NO CHEAP MAN.
First Laffer—Hello, Bill! Got a new friend. I see. What did it cost you?

Second Laffer—Six months. I never wear cheap suits. —From the Boston Transcript.

Closing Out Harness Great Reductions

We are closing out our harness department entirely and are making sensational reductions on all of the excellent harness of all kinds that we have been famous for handling. With it goes the same strong guarantee of durability and satisfaction that we have always made.

We have the very latest handbags and other leather goods. See them.

WORLD'S MYSTERIES

(Continued from Page 4.)

that he had a daughter grown up when he came to Croton.

When we come to inquire what were the philosophical or religious opinions held by Pythagoras himself, we are met at the outset by the difficulty that even the authors from whom we have to draw possess no authentic records bearing upon the age of Pythagoras himself. If Pythagoras ever wrote anything his writings perished with him, or not long after. The probability is that he wrote nothing. Everything current under his name in antiquity is spurious.

It is almost certain that Philolaus was the first who published the Pythagorean principles. He wrote a written form. Still there was a marked peculiarity running through the Pythagorean philosophy that there can be little question as to the genuineness of the system, at any rate, says one writer, of their having been derived from Pythagoras himself.

It seems peculiar, in view of the very few facts known regarding the Greek philosopher, that he should have so dominated the scientific world of his period as to have founded a school of philosophy named for him, when apparently no one seems to know of just what that philosophy consisted.

Tomorrow—The Mysterious Arnold Du Tili.

NOT ANY MORE
They were gazing out of the window of the Pullman car. The thin man was busily admiring the sunset.

"Ah, Nature is a real artist!" exclaimed the thin man, addressing the fat man who sat in the opposite seat. "Have you never gazed at her wonders? Have you never watched the lambent flame of dawn life leaping across the dome of the world? Have you never watched the red-stained lilies floating in lakes of fire? Have you never been drawn by the ragged, raven's wing, sky-phantoms as they blotted out the pale moon? Have you never felt the menace of these things?"

"Oh, since I swore off," replied the fat man, as he prepared to hunt another seat.—From the Cincinnati Enquirer.

A FINE PLACE
"What kind of place was that where you spent your summer vacation last summer?"

"Fine."

"Did it set a good table?"

"No. It was about the worst I ever found anywhere."

"I suppose the rooms were very comfortable?"

"They were just the opposite of that—little, hot, stuffy, dirty holes, they were."

"But I thought you said it was a fine place."

"It was. I thought six beautiful girls to swim while I was there."—Chicago Record-Herald.

COMPLETES SALE OF SAN FRANCISCO BONDS

Unknown Purchaser Puts
Up \$10,000 to Hold
\$713,000

SAN FRANCISCO, Oct. 28.—A check for \$10,000, landing an agreement to purchase \$713,000 worth of San Francisco municipal bonds, the last block of the \$1,500,000 issue, to be used for urgent city improvements, presented to the city treasurer today, concluded a whirlwind over-the-counter sale that will fill the city's coffers with gold and preclude any delay in the construction of the city hall and other great structures in the civic center, before the opening of the 1916 international exposition.

Previous to the sale today, the treasurer had disposed of nearly half a million dollars' worth, issued in small denominations and eagerly purchased by people of no great means. The San Francisco who dominated the \$10,000 today to secure the option on the large block, will pay \$250,000 more tomorrow and take up the remaining \$443,000 before the expiration of ten days, according to the agreement.

(Mrs.) Dr. C. M. Williams, Chiropractor.
—Advertisement—

FIVE MEN KILLED WHEN WELL CAVES

FREDERICK, Okla., Oct. 28.—Five men were killed and two others seriously injured here today when the walls of a city well, twenty feet in diameter and forty feet deep, caved in upon them. There were seven men in the well and all were buried under tons of earth and masonry. The five dead, including Mont Dean, a contractor, were crushed to death or drowned.

Alvin Dean, after being buried for twelve hours in the mass of debris, some distance above the water line, was rescued alive late today. It is believed he will recover. Oliver Sawyer, who was removed from the well in a serious condition, may die of his injuries.

DIVORCE FOLLOWS HANDING LEMONS

BOSTON, Oct. 28.—As a result of receiving several dried lemons, a husband of old clothes, and a bouquet of faded flowers from Aukken Shoshan, Mrs. Shoshan was granted a divorce today on the ground of desertion. Both are Armenians.

Mrs. Shoshan told the court that she received the lemons, old clothes and faded flowers after she had asked her husband to send her some money. She explained that in the Armenian code the gift meant "you look like old rags to me, and I have no further use for you."

CLAIMS HE CAN HOLD REFUGEES' INCOME

McPike Will Attempt to
Indict Those Who Helped
McCreery Escape

SAN FRANCISCO, Oct. 28.—Henry Halladay McPike, guardian for the legally incompetent millionaire Walter McCreery, who escaped last Monday from the ranch in San Benito county where he had been held in seclusion, said today that he should act next Monday for indictments from the San Benito grand jury against those who aid in the evasion. McPike says he knows where Walter and by whom the plans were shaped and effected.

"Contrary to general opinion," said McPike today, "McCreery cannot touch one penny of his English property, if he succeeds in getting out of this country. All of it is under long lease, and I signed the leases, the income must be paid to me."

"Ever since McCreery partially recovered his sanity he has talked of going to South Africa. He was there once before, and that is where I believe he will head for."

No clue taken by the eccentric millionaire have been discovered.

PROBE OF PLUMBERS' TRUST CONTINUES

SIoux CITY, Iowa, Oct. 28.—The government's investigation of the alleged national plumbers' trust continued here today with Assistant United States Attorney Gregg in charge. The proceedings before the federal grand jury are shrouded in secrecy. Manufacturers, wholesalers and contracting plumbers from many parts of the country are being examined.

As to the steps in the government's plan with regard to the plumbers, Gregg was non-committal. He said the action to be taken depended upon the weight of the evidence to show an illegal combination on the part of the plumbers.

National officers of the plumbers' association are as follows:

Chris Lester, Denver, president; St. Louis Barons of Philadelphia, vice-president; Archibald C. Davis of Denver, secretary, and William McCouch of Philadelphia, treasurer.

MURET FOUND GUILTY OF COUNTERFEITING

Schmidt Interrupts Proceedings to Assume All Responsibility for Crime

NEW YORK, Oct. 28.—Dr. Ernest Muret, friend of Hans Schmidt, confessed slayer of Anna Ammiller, who has been on trial in the federal court for counterfeiting, was found guilty late today on two counts, of making and possessing counterfeit gold apparatus. Muret was held to be guilty, but the jury decided that he was not guilty of conspiracy with Schmidt to counterfeit U. S. gold certificates.

The jury deliberated four hours, following a seven day session of the court in which Schmidt, who was a witness, shouted that he, and not Muret, was the counterfeiter. Schmidt also declared that Muret knew nothing about the murder of Anna Ammiller.

The arrest of Muret came about through the investigation of the police of Schmidt's confession. A flat was discovered containing photographic and printing apparatus, the ownership of which was traced to the pseudo dentist and the confessed murderer.

Muret's arrest followed.

Muret remained until tomorrow for sentence.

SAYS MADERO AND SUAREZ MURDERED

LOS ANGELES, Oct. 28.—As a fugitive from Mexico, Lieutenant Jose Castellano Sanchez, who was in charge of the guard surrounding the palace in which former President Francisco Madero and former Vice-President Jose Pina Suarez were confined on the day Madero and Suarez were assassinated, said tonight that they were assassinated.

"From what I saw and from what soldiers told me subsequently, all doubt was eliminated of the generally accepted report that they were murdered," Sanchez said. "The soldiers of the prisoners brought them provisions which I could not deliver to them because of executive orders. President Huerta had so decreed."

"When Madero and Suarez left the palace they were warned that they would not again see the light of day. Later I heard that they had been shot."

Sanchez will soon sail from San Francisco for Guatemala where he expected to make his home.

ACQUITTED OF PART IN BIG ROBBERY

NEW WESTMINSTER, B. C., Oct. 28.—Charles Dean was acquitted by a jury in the assize court tonight of complicity in the robbery of the New Westminster branch of the Bank of Montreal of Sept. 15, 1911, when \$250,000 was stolen. This was Dean's second trial, a previous jury having disagreed.

Dean was arrested a year and a half ago at Los Angeles.

FINAL SENATE HEARING OF WEST VIRGINIA TROUBLE

WASHINGTON, Oct. 28.—Final hearings by the Senate sub-committee which investigated the West Virginia coal strike situation will begin tomorrow. Senator Kenyon will conclude his portion of the inquiry relating to the control and operation of the coal fields in Paint Creek and Cabin Creek, involved in the struggle which resulted in violence and bloodshed.

HEAVIER SENTENCES FOR OPIUM SMUGGLERS

SAN FRANCISCO, Oct. 28.—Opium smugglers convicted before Justice Maurice T. Dooling in the United States District Court may expect heavier sentences than has been the custom heretofore. In sentencing Ching Gum, a second steering cook on the Japanese liner Chinyu Maru to a year in the Alameda county jail today, Judge Dooling announced that he intended to sentence opium smugglers on an upward sliding scale.

Ching Gum had pleaded guilty, an unusual procedure for an accused Chinese, explaining that the \$1300 worth of opium found in his possession was an accumulation "from passengers."

The court remarked, however, that it was hard to catch opium smugglers that he intended to deal severely with all who came before him.

ADVENTUROUS LIFE OF DEAD PIONEER

STOCKTON, Cal., Oct. 28.—Frederick Yost, aged 85, a native of Pennsylvania died here today. At the age of 16 Yost signed for a cruise on the whale ship Copia, bound from Philadelphia to Honolulu. Arriving at his destination he tried to leave the ship. He was told that he had three years yet to serve. He swam ashore and was hidden in a cave and cared for by an old negro. The latter was arrested and \$500 reward offered for Yost's capture. Finally the Copia sailed. Yost helped two men build a little raft and sailed for California. He arrived at San Francisco in 1849 and engaged in mining, lumber and ox-express. He settled here in 1876. He is survived by a widow and several children.

HEAVIER SENTENCES FOR OPIUM SMUGGLERS

SAN FRANCISCO, Oct. 28.—Opium smugglers convicted before Justice Maurice T. Dooling in the United States District Court may expect heavier sentences than has been the custom heretofore. In sentencing Ching Gum, a second steering cook on the Japanese liner Chinyu Maru to a year in the Alameda county jail today, Judge Dooling announced that he intended to sentence opium smugglers on an upward sliding scale.

Ching Gum had pleaded guilty, an unusual procedure for an accused Chinese, explaining that the \$1300 worth of opium found in his possession was an accumulation "from passengers."

The court remarked, however, that it was hard to catch opium smugglers that he intended to deal severely with all who came before him.

ADVENTUROUS LIFE OF DEAD PIONEER

STOCKTON, Cal., Oct. 28.—Frederick Yost, aged 85, a native of Pennsylvania died here today. At the age of 16 Yost signed for a cruise on the whale ship Copia, bound from Philadelphia to Honolulu

EVERY LITTLE MOVEMENT HAS A MEANING
ALL ITS OWN, IN BIG MUSICAL SUCCESS

Scene from "Madame Sherry" at Barton tonight

John L. Kearney and his ensemble (comedy to the Barton tonight, support in the magnificent musical "Madame Sherry," will bring a wealth of exquisite lyrics and radiant music and catchy song numbers, of

which there is none of more enduring fame than "Every Little Movement." Nor can many musical shows boast of a more enchanting love scheme than the pretty thread of narrative which so seductively permeates the "Sherry" retto. The sequence of dance numbers through which the author takes Edward Sherry and Yvonne, the convent girl, is the ingenious device employed to charmingly express a most beautiful romance, which is the gist of the plot. A love interest attaches to Edward the dancing lesson which she saw Lulu giving to Leonard, Edward for the first time realizes that Lulu and Leonard have been using their lessons merely as a cloak to cover their love-making. Every detail that Yvonne minutely pictures to Edward arouses his jealous ire. He determines to renounce Lulu. Yvonne's dancing first attracts, then fascinates him, Yvonne's love for Edward has been but the delight of a child for a new plaything. It is not until she has seen Edward kiss Lulu that the woman in her awakes. Now for the first time she feels the pang of jealousy. Yvonne's heart runs the gamut of suspicion, accusation, hate, despair. Finally the notes of the dance that first called forth her love cause her to relent and forgive. For a moment the coquetry of the girl asserts itself. It is only a pretense, for in her heart she feels the glowing of a new love. It hears the call of her mate and responds in Yvonne's first kiss.

Musical beauty, comedy, sparkling as champagne rushes "Madame Sherry" to popularity and indelibly pleasant memory.

William Faversham

A single and worthy ambition to become recognized as the leading Shakespearean actor and producer on the English-speaking stage is just at present the animating principle and compelling motive of the artistic career of William Faversham, who comes to the Barton next Saturday evening in his spectacular production of "Julius Caesar."

This ambition, this vision of great accomplishment in the field of the essentially literary drama, has abided with Mr. Faversham for more than a decade, or since first he insisted that he be no mere actor, but a producer of the cloak and sword of the purely romantic drama. In deference to his expressed wish he was permitted by his manager at that time to play the leading role in Pinero's "Lotus," a strong, satirical, biting comment upon certain phases of English life. It was his sure and certain success in this big, witty play that caused him to determine to forego anything except the really big things in the theater.

There followed his sensational success in Edward Milton Royle's gripping epic of the west—"The Square Man," and then Mr. Faversham took the reins of management in his own hands. Slowly, but surely, he felt his way toward the goal which he now sees on his way to reach, the supreme leadership in the classical field. In rapid succession Mr. Faversham produced "The World and His Wife," a

translation from the Spanish of a play dealing with the evil power of gossip. Stephen Phillips' majestic poetry tragedy, "Herod," Edward Knoblauch's fantastic and whimsical comedy, "The House of the Dead," and then "Julius Caesar," the last produced on a scale of splendor never before surpassed in the history of the Shakespearean theater.

Mr. Faversham brings the original production of "Julius Caesar" to this city absolutely intact, with an exceptional company, including among its members Miss Constance Culler and Mr. R. D. McLean.

"Quo Vadis"

"Quo Vadis," the superb photo drama reproduction of Henry Sienkiewicz' world-famous novel, comes to the Barton for eight nights, commencing next Sunday, November 2, with a special matinee Saturday at 2:30 p. m.

Aside from the many spectacular features there is an undeniable fascination about the story of "Vladis" passion for the sweet Lygia, and the adage that the "course of true love never runs smooth, etc.," is proven as far back as A. D. 66 and 68 by this very picture romance. It is human, and human nature is the same today as it was in the days of Nero and all the other Caesars and Roman emperors. And that is what the public likes, whether it is novels, dramas, paintings or photo dramas.

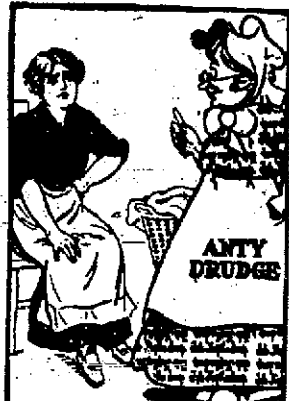

There has been much wonderment at the magnitude and beauty of some of the scenes, notably the interior and garden scenes. But the locale is Italy, where landscape beauty is still a world sight. The Sines Company of Italy is composed of many of the wealthiest men of Rome, and the Bank of Italy is also said to be largely interested in the company. Many of the wealthy nobility were the rich and when these pictures were being made, the stockholders gave special permission for the use of their gardens and palaces. By this means many of the gorgeous scenes were produced with comparative ease, whereas to have built the grounds and palaces specially it would have taken several million dollars and rendered it a business impossibility. Special permission had to be obtained from the Royal Cabinet for the use of some of the buildings, and assurances had to be given that none of the historic monuments and marbles would be damaged in the making of the pictures. The act is set in Rome. "Quo Vadis" furnishes amusement, instruction and inspiration and fully merits the great success it has achieved. The act is shown this morning at 9 o'clock, reserved seat prices being 25 and 50 cents.

ACTS OF UNUSUAL MERIT AT PRINCESS

Paul Pereira, the eminent virtuoso and his string musicians, are easily one of the new program at the Princess and for the most part, the musical act that has ever been shown in local vaudeville. Sig. Pereira, the violinist and director, has a remarkable technique and handles his instrument with the mastery attained by only a few of the world renowned musicians. His associate musicians are: Frank X. Settil, second violin; Joseph Nurnberger, viola; Will Edmunds, cello; Bert Dakin, bass, and Charles H. Harper, pianist. They are all masters of their respective instruments with the result that the act is one of most perfect harmony. Magnificently staged and dressed it is an act that appealed to the finer nature of everyone. The program is a most excellent one which will be varied during the engagement.

Miss Jane Jarot who is featured in "Rosemary," the dramatic sketch which made such a pronounced success, displayed talent that will one day place her among the foremost stars of the stage. She handles a difficult emotional part with ease and confidence, and although still young in years, she displays a wonderful depth of feeling and comprehension. Miss Nell Stewart gives an excellent interpretation of the wife who is our ideal, but who are few and hard to find. Mr. Bert More's portrayal of the husband, a man who is loved and claimed by the love and trust of his wife, was splendid. The action and plot show the emotions of a man torn between the love of a sweetheart and the love of a wife whose faithfulness through reverses has brought him to a realization of her true worth and love with the result that he abandons the sweetheart.

Curran and Milton gave an entire-

Mrs. Sufferer—"Just look at me sitting here and all the work piled up. My feet are so sore and swollen I can't stand on them. Somebody get me to use Fels-Naptha Soap, and take a foot bath with it every day. Do you know anything about it?"

Any Drudge—"I've heard from several of my friends that it is good to use as a foot bath. I'd try it. But I do know it does all kinds of work in the easiest and quickest way. You wouldn't have to stand on your feet so long and make them sore if you would use Fels-Naptha Soap. I always keep a box on hand."

Fels-Naptha Soap and cool or lukewarm water

will quickly and easily do the largest wash without hard-rubbing or boiling the clothes. Fels-Naptha makes dirt disappear, dissolves grease and takes out all kinds of stains. It gives tired women time to rest and a chance to grow strong and well.

Just as good for all kinds of housework as it is for washing.

Better buy it by the box or carton. Easy directions are on the Red and Green Wrappers.

Fels & Co., Philadelphia.

Miss Lewis of Handrickson and Lewis at the Princess

Carload of Van Brunt Drills of All Sizes Unloaded

Van Brunt Warranty

We warrant Van Brunt Drills to be well made of the best material, to do first class work in any soil capable of being worked, and not to clog or choke up in mud, gumbo, sticky or trashy ground.

This is the warranty that protects the purchaser.

A carload of Van Brunt Drills, the drills that have been tested by 50 years of use, has just been unloaded and we are able to supply any size. The Van Brunt Drill is made of the best of materials throughout, and the guarantee is very strong. It is able to meet all conditions and has achieved an enviable reputation for durability and fine working qualities. The single disc furrow opener with closed delivery is a Van Brunt invention that gives entire satisfaction.

Perfect Seeding On the Most Obstinate Soil With the Van Brunt

The Van Brunt patent disc bearing is used on all Van Brunt single and double Disc Drills. The disc bearings are practically indestructible. The surfaces are as hard as flint and run constantly in oil. The oil cannot leak out. Bearings cannot work loose or wobble. Any disc bearings that wear out will be replaced free of charge.

The Van Brunt adjustable feed gate will handle beans, peas, corn, wheat, barley, oats,

rye, alfalfa, etc. The feed is uniform, the seed cannot bunch, and cannot crack or smash.

One-piece trussed frame construction. The weight is 200 to 300 pounds less than other machines that have no more strength. The Van Brunt is built to work in rough and uneven ground without racking or straining.

The Van Brunt is the first-disc drill to overcome the objection of clogging and choking up. It has been shown to be dependable under the worst of conditions.

WISH TO IMPROVE POSTAL SERVICE

Valley Postmasters to Ask
for Mail Clerk On Two
Santa Fe Trains

To improve the deliveries in the San Joaquin Valley the superintendent of the railway mail service of San Francisco will be requested by Valley postmasters to put a postal clerk on Santa Fe trains Nos. 2 and 3. The postmaster at Fresno and will be signed by postmasters in all towns benefited. Business men of this city have been anxious for some such arrangement for a long time and it is in consideration of their complaints and the unobstructed advantage to the local postoffice that Mr. Buzler has decided to make the request.

At present there is no train to take mail northward from this city between the closing of the mail bags at 2:30 p. m. and the departure of the Owl at 2:30 a. m. Should a postal clerk be put on Santa Fe train No. 2 leaving here at 4:45, letters mailed up to 4:15 would be carried northward, facilitating the handling of the mail here by giving business men an opportunity to get the mail to the north. By sending mail to this city by train No. 3, Santa Fe, mail would arrive here shortly after 8 p. m. instead of at 10:10, giving the clerks in the local office more opportunity for distribution.

There is a postal clerk on No. 3 until the train reaches Fresno when he is dropped, though the mail car continues through to San Francisco. A great deal of mail comes into the local office between 2:30 and 4:15, and should the new arrangement be made business men would make an effort to get their afternoon mail in the office before 4:15 in order that it would be delivered in San Francisco in the morning rather than the afternoon delivery. Stockton and Merced will be accommodated by this arrangement and the small towns of Riverbank, Shafter, Cressy, Winton, Hughson, etc., alone would be given two deliveries of mail a day instead of one.

FRISSELLE ESTATE GOES TO 3 SONS

Final account was filed yesterday accompanying the petition for distribution in the estate of J. R. Frisselle, who was manager of the Kearney Estate. The report shows cash on hand of \$13,571.68 for distribution, all charges administered by the executor, J. R. Frisselle, and the administrator, J. R. Frisselle. According to the will all property will be divided equally between the three sons, Harry W., Ralph D. and S. P. Frisselle.

CLUB TO STUDY ICE CREAM MANUFACTURE

The Health's Discussion club of the Y. M. C. A. has decided to study the business of ice cream manufacture this evening, as a part of the educational trips taken by the club every season. The workings of the factory will be explained by the manager, to the young men and women of the business college. They will leave on their tour at 7 o'clock, but will return to the Y. M. C. A. in time to participate in the Halloween social.

YOUNG MEN WILL TAKE RAISINS TO SAN JOSE

Y. M. C. A. Delegates to Conference to Advise
This City

High school members of the Fresno Young Men's Christian association leave on the 9:55 Southern Pacific train tomorrow morning for San Jose to attend the annual Older Boys' conference, which will be held at the Hotel Hamilton in San Jose. The delegates will be accompanied by a number of "prize-winners" at the banquet which will open the conference Friday night.

The Chamber of Commerce sponsored the raisins yesterday for the association from a donation by the Pacific Coast Packing Co.

The largest delegation that Fresno has ever sent to one of these conferences will leave about fourteen boys being accompanied by Boys' Work Director L. T. Lewis of the Y. M. C. A. Ten boys' expense are being paid by the local association, though heretofore the expenses of but six have been contributed, and several young men will pay their own way.

The conference sessions will be held in the fine new Y. M. C. A. building in San Jose and will occupy three days—Friday, Saturday and Sunday. The delegates will arrive in San Jose on Friday morning and will be met by the local association. The opening banquet will be held at the First Methodist church of San Jose with George J. Heason, president of the 1912 conference, presiding.

All the boys going will not be determined until today, but ten of the delegates follow: Chester Bartlett, Ed Faddis, Irving White, Jean Vincenz, Ernest Collins, Albie Bartlett, Chris Hanson, Marion Richardson, Mark Kellogg and Newton Dyer.

The high school boys will wear their school colors of purple and gold in hats and banners.

MOUNTAINS ARE DRY; PRAYING FOR RAIN

Cattlemen and Forest Rangers Are Facing Serious Problem

A doleful report of conditions in the mountains by reason of the long holding off of the rain was brought yesterday by Chief Deputy County Auditor S. L. Hogue on return from a week's visit to his Madera ranch far up in the mountains beyond orchard fork.

Mr. Hogue says that springs and wells which ran water continuously according to the best recollections of the oldest pioneers and Indians have run dry and the cattlemen are facing a serious problem both in the matter of feed and water for their stock, even having to haul water for the sheep and beavers. The season has been such a dry one that natural feed has been scant.

In compensation however acorns are plentiful this year, says he, and the drought has been at no expense in fattening his porkers. Cattle will not eat acorns unless pressed to by hunger. Speaking generally crops in the mountains have been only one-half what they were last year and 1912

M'CARTHY'S LATEST NOVEL AT LIBRARY

Author of "If I Were King"
Contributes Romance
of Modern Day

To the many who read with interest "If I Were King" and "A Health Unto His Majesty" will come a new announcement in the receipt at the Fresno Public Library of Justin Huntly McCarthy's latest novel, "Calling the Tune."

"Calling the Tune" is a romance of today that is said to contain a gallery of less picturesque than that of the days of the clock and the sword pictured in the earlier novels of McCarthy. It is that charm of gallantry and chivalry which made the author's former novels standard among the books of the day, and reviewers state that this same charm of romantic description in "Calling the Tune" dispels the idea that this is a day of the dashing lover and the escapade of tenderness.

Justin's Addison Broadhurst, now at the library is a narrative of adventure in business. Rising from a country lad to the head of a department store through a series of experiences which keep the reader constantly interested, Broadhurst wins his success as much as a revelation of the few survivors of a terrible wreck. How she grows into womanhood and what she makes of her life passed amid an environment as vividly strange as it is fascinating is said to be told by Miss Netherland in this book with a wealth of color and incident.

REFUND OF \$100 MUST BE MADE GILBERTI

According to the judgment rendered yesterday by Judge Austin affirming that of the justice court, Mrs. Ellen D. Hopper must refund to Tony Gilberti \$100 paid by him in June 1912 to teach him "the art of brazing aluminum and other metals." Tony sued for \$250, claiming to have spent all above \$100 in equipment of a shop which Mrs. Hopper took over on his hands because after taking his money the agreement to teach him the art was flatly repudiated. Mrs. Hopper is the woman who recently made application to be appointed to the police force.

SCAFFOLDING FALLS WITH FATAL RESULTS

SAN FRANCISCO, Oct. 29.—By the collapse of a scaffold today Robert Hartley was killed, Thomas Hopper received a fractured skull, and Isaac Newton broke his hip. All were bricklayers. Newton may die.

ROOSEVELT IN BRAZIL
SAO PAULO, Brazil, Oct. 29.—Colonel Theodore Roosevelt left here last night for Rio Grande do Sul, from which place he will continue his journey by way of Montevideo to Buenos Aires and Chile. Government officials and others cheered him as he left Sao Paulo.

not remarkable either for a superabundance of rain.

The danger of forest fires is great at this time and an alarming state of affairs is faced according to District Forest Supervisor Paul Redington unless rain falls soon. There have been numerous small forest fires but happily these were all kept under control.

OLD DIVORCE CASE ENDS IN DISMISSAL

New Complaint Filed
Against Mrs. Clara Wright
for Desertion

The divorce complaint of nearly two years ago was dismissed yesterday and a new action was commenced yesterday against Mrs. Clara Wright for desertion.

The original complaint he charged that for more than 2 years she had refused to prepare his meals, and as a practically continuous performance cursed and swore at him, besides being addicted to the very unwholesome practice of chewing tobacco. Charges were also made of threats to kill with an assault with a knife in August 1909 and desertion on her part in February 1911 after leaving her child with his mother.

The case had a sad sequel, a guardian having been appointed to defend the case for Mrs. Wright, who on account of the neglect and mistreatment that she suffered lost her reason and was committed to an insane asylum. Wright was arrested in February 1911 at Whittier for alleged cohabitation under promise of marriage with a girl of immature years but later was acquitted. He was also held here for abandoning and not supporting the wife.

Ellis L. Barnett was divorced by Judge Austin from Harry E. Barnett because of desertion one year ago following a marriage in December 1908. He acknowledged desertion of his wife on the 10th of last June at Odessa in Oregon.

Aurella J. King sues Francis H. King for divorce on the ground of desertion. Drew & Drew are her attorneys.

SOCIALISTIC CONTRACT PROVES FLAT FAILURE

Accounting Ordered of
Partnership With Labor
As the Capital

Court Stenographer W. S. Johnson was appointed yesterday by Judge Austin to report on the testimony taken in the Socialist partnership case of Chase Dechant against W. O. and John A. Phillips, M. D. Wood, C. L. and W. Dechant entered into on January 1, 1912, and ending on September 15 in a financial smash and pro rata division of money due to give each an equal pro rata on the basis of days of labor put in on partnership work.

The partnership was as brick, concrete and cement workers and was on original lines, suggestive of Socialistic equality. A written agreement was entered into but which has become of that paper no one knows, so there was not a little confusion at the trial as the partners attempted to give their understanding of the terms. However the labor of the six men was the capital of the partnership and contracts were taken on the basis that each of the six should be compensated at the rate of \$6 a day at the least, and if a particular contract proved a financial loss the partners on any other job that had resulted in profit should turn in sufficient pro rata to make up the \$6 per diem for the workers on the unprofitable job.

This plan did not work out as expected in practical operation when the dissolution was agreed upon and a division was made on a basis of less than \$6 a day, even though several members planned down each to making the division on equal shares and others turned in their tools on a cash valuation for the same purpose. Chase Dechant claims he was compelled to pay \$10,000 more or less in payment of debts in excess of his share of the partnership obligations.

KIDNAPING CASES IN IRELAND DROPPED

Catholic Clergy Objected to
Losing Control Over
Children of Strikers

DUBLIN, Oct. 29.—The dropping of the prosecution of Mrs. Lucille Rand, daughter of Henry W. Sage of California, and of Mrs. Dora Monte of a London philanthropist, virtually was decided on today when the case against them on a charge of kidnaping came up before a police magistrate here.

"The woman had taken a leading part in arranging for the transfer to England of children of striking Irish transport workers. The children were to be cared for in England during the continuance of the strike."

These efforts were opposed by the Catholic clergy, who objected to the children being sent to Protestant homes.

At the hearing today, the attorney for the defendants explained that the women's action had been misunderstood. There was, he said, a touch of humor in charging them with kidnaping when the boys really on an errand of mercy. They had not committed any crime, he declared, but perhaps had acted indiscreetly.

The attorney general for Ireland then consented to an adjournment of the case for a month, which is taken as an indication that it will not come up again.

STEAMER CAPTAIN FOUND GUILTY OF NEGLIGENCE

SAN FRANCISCO, Oct. 29.—The license of Captain A. F. Asplund, master of the steamer Merced, which was on the night of October 15, was suspended for one year by United States inspectors here yesterday. The captain pleaded guilty to negligence.

COAL MINERS' HOLIDAY

HAZLETON, Pa., Oct. 29.—Hardly a wheel turned today in the anthracite coal fields of Pennsylvania. The miners celebrated Mitchell Day in honor of the anniversary of the successful termination of the strike of 1900, the first conducted in the hard coal belt under the leadership of John Mitchell, then president of the United Mine Workers of America.

S. B. ... Family Remedies ...

A partial list is given below, all of which have proved to give universal satisfaction during the past twenty years. We have thousands of testimonials as to the merits of S. B. preparations. Use them.

S. B. CORN PAINT
never fails to remove corns or soft corns when all other remedies fail. Price 25c.

S. B. BLOOD SYRUP
is highly recommended as a tonic and blood purifier, also for all chronic diseases of the blood such as pimples on the face, boils, rheumatism, acrofula, tumor and all skin and blood diseases. Price 50c and \$1.00 per bottle.

S. B. CATARRH REMEDY
gives general satisfaction and is recommended for catarrh of the head, ears, nose, throat, stomach, kidneys, bowels and bladder. For sale by druggists everywhere.

S. B. LUNG TONIC
the universal remedy for coughs, colds, croup, whooping cough, influenza, hoarseness and other affections of the throat and lungs. Price 50c.

S. B. ASTRINGENT LOTION
A remedy for catarrhal discharges and any inflammation, irritation or ulceration of mucous membranes. Removes all offensive odors and pain, prevents and relieves all discharges and reduces inflammation. Highly recommended in cases of leucorrhoea. Price \$1.00.

M. A. C.
Relieves all forms of dyspepsia, indigestion, sour stomach, heartburn, gas, the stomach, nervous dyspepsia, fermentation and mal-assimilation of food and other digestive disorders. Price \$1.00 per bottle; 5 for \$5.00.

S. B. DIARRHOEA REMEDY
A safe and reliable remedy for dysentery, cholera morbus, cholera infantum and all loose conditions of the bowels. Safe to take and always effective. 50c.

NERVO LAXO
Strengthens the nerves, gives tone and vitality to the entire system, produces a healthy appetite, sound digestion, and regular stools. Price 50c and \$1.00.

ANYGULA CREAM
for poison oak, bites of insects, freckles, tan, pimples on the face, itch, salt rheum and eczema. 50c.

S. B. HAND AND FACE LOTION
is the best for chapped hands, sunburn, tan and any roughness of the skin. Large bottle 25c.

S. B. UTERINE SEDATIVE
prepared for too frequent urination, scalding urine, inability to retain the urine, pain and spasm of the bladder. In children, for nightly wetting of the bed. 50c and \$1.00.

S. B. TONIC HYPOPHOSPHITES COMPOUND
Recommended in all cases of nervous debility. 50c and \$1.00.

S. B. AGUE REMEDY
is the best for chills and fever and all diseases arising from derangement caused by malaria.

S. B. CAPSULES
takes away all of that tired aching feeling, and is the best remedy for chills, fever, dumb ague and remittent fever. 50c.

S. B. WORM EXPELLER
is pleasant to take and expels all forms of worms from children and adults as a mild laxative, tonic and stimulant. 50c.

M. I. LOTION
is especially prepared for Mania (itch) and all itchy, scaly skin diseases. 50c and \$1.00.

S. B. A GRIPPE CAPSULE
especially prepared for La Grippe and influenza. 50c.

KING OF PAIN
A liniment used internally and externally and highly recommended for cuts, sprains, cramps, colic, neuralgia, pains in the back and rheumatism. 50c.

S. B. KING OF PAIN PASTER
for lumbago pains in the back and kidneys. 50c.

S. B. HAIR GROWER
Invigorates the roots of the hair, gives tone and vitality to the scalp, increases the growth and keeps the hair from falling out. 50c.

S. B. PILE REMEDY
Prepared for piles, blind or bleeding, protruding or internal, and stopping itching, allaying inflammation, and giving ease to the sore parts, ulcerations, cracks, and all such anal troubles. 50c and \$1.00.

LAXO BLACK PEPSIN COMPOUND
Nature's own laxative. Highly recommended for dyspepsia and constipation. Removes the cause of bad headaches, coated tongue, bad taste in your mouth, offensive breath, fullness after meals and loss of appetite. 50c.

SMITH'S DANDRUFF POMADE
stops itching scalp upon one application, stops hair from falling out, and stops hair from falling out. 50c. For sale by leading druggists everywhere.

S. B. PILE REMEDY
Prepared for piles, blind or bleeding, protruding or internal, and stopping itching, allaying inflammation, and giving ease to the sore parts, ulcerations, cracks, and all such anal troubles. 50c and \$1.00.

LAXO BLACK PEPSIN COMPOUND
Nature's own laxative. Highly recommended for dyspepsia and constipation. Removes the cause of bad headaches, coated tongue, bad taste in your mouth, offensive breath, fullness after meals and loss of appetite. 50c.

By C. A. Voight

HEAVY DEMAND FOR YALE-HARVARD TICKETS

Indications Point to Record Crowds for Eastern Football

Army-Navy Contest Creates Great Interest Among New York Fans

NEW YORK, Oct. 29.—Any lingering doubt of the popularity of intercollegiate football, even under the revised playing rules, is removed by the volume of applications pouring in to those in charge of the ticket distribution for the big games of the season. The demand for seats surpasses any previous records, and the various management committees are at work trying to devise some method of equitably meeting the situation.

From present indications, the seating capacity of the various fields on which the Yale-Harvard, Army-Navy, Harvard-Princeton, Pennsylvania-Cornell and Princeton-Yale games will be played will be unequal to the demands already being filed by alumni, undergraduates and their friends.

One of the surprises of the season is the increased interest in the Army-Navy game, to be played in this city on November 23. It was thought that the transfer of the contest from Franklin field, Philadelphia, to the Polo grounds, the 41,000 seats would accommodate all those who wished to witness the play.

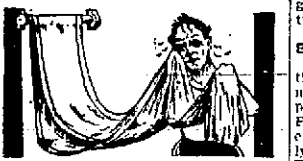

Such, however, is not likely to be the case and it is possible there will be no public sale of seats, as was originally planned. Less than 5,000 seats are available for such sale under the most favorable conditions, and even this small percentage may be reduced greatly by preferred applications received by mail.

EQUAL DISTRIBUTION OF TICKETS

For several years there has been no public sale of tickets for the Harvard-Yale games, and the demand from those privileged to apply for these coupons under the rules of the competing universities has increased to such an extent that the allocations are being curtailed greatly in order that there may be no charge of favoritism. The ticket situation has reached the point where the tremendous demand

Pimples Source of Great Danger

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

Make Your Blood Pure and Immune With S. S. S.

In thousands of instances the most violent types of blood troubles have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may now be had at just any drug store in the civilized world.

This preparation stands alone as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodine, arsenic and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. It contains one ingredient which serves the active purpose of stimulating each tiny cellular part of the tissues to the healthy and judicious selection of its own essential nutriment. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis, and similar diseases resultant from the use of minerals than most people are aware of. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 217 Swift Bldg., Atlanta, Ga. It is mailed free, together with special information, to all who write describing their symptoms.

Get a bottle of S. S. S. to-day, but be careful not to have something palmed off on you falsely claimed to be "Just as Good."

The only reason why anyone will try to sell you something in place of S. S. S. is the extra profit.

JOSEPHS AND PIOMBO MAY ARRANGE SECOND WRESTLING GO TODAY

A return wrestling match between Aram Josephs and G. Piombo will probably be staged within the next few months, according to a statement by Josephs last night. The two contestants will meet today to consider articles for the bout. It is probable that a \$100 forfeit will be posted. The local man declares that he is willing to take on the Italian for a \$1,000 side bet. Josephs easily won the match with Piombo last Sunday.

NEW ZEALAND RUGBY MEN HUMBLE NEVADA

All-Blacks Goal In Danger But Once During Game; Score 55 to 0

RENO, Oct. 29.—Scoring with absolute certainty and running rings around their opponents, the New Zealand All-Blacks put up a fine exhibition of the Rugby game here this afternoon and defeated Nevada 55 to 0. Only once was their goal in danger as the ball was immediately kicked out and within half a minute later carried across the Nevada goal.

The visitors played a clean, hard game and seemed unaffected by the altitude. Toward the close of the game they were scoring more rapidly than first. Nevada's showing during the first few minutes of the play gave hope that they might be able to score, but this was soon dispelled when the visitors settled into their team work.

offers a promising field for speculators. To cope with this evil, the various college organizations and publications are issuing warnings on the subject of selling or giving away tickets allotted to those entitled to them under the following published at Yale University:

"The following 'black list' is no empty phantom. It is a real book, bound in black, compiled with the aid of a large corps of detectives and kept in the ticket office to record and contain the names of those whose infringement of the rules makes them ineligible for further applications for tickets. The wise ones will avail themselves of the opportunity to redeem themselves thereby insuring that they will not be enrolled among this doubtful company."

In round figures, 35,000 seats will be available for the Yale-Princeton game at New Haven November 16 and the Harvard-Yale game at Cambridge November 22. Twenty-seven thousand seats will be the capacity of the stands at University field, Princeton, where Princeton and Harvard meet on November 8.

The Pennsylvania brigade that will invade Arbor for the Michigan game will be one of the most pretentious of the year.

BIG DEMAND FOR TICKETS

NEW HAVEN, Oct. 29.—The Yale ticket office is literally flooded tonight with thousands of unopened applications for seats for the Yale-Princeton football game at New Haven, November 16. Applications formally closed at 6 o'clock tonight. Edward Thompson, manager of the ticket department, said the demand this year broke all previous records.

MADERA BASEBALL STARS SHINE WITH HUGHSON

MADERA, Oct. 29.—Tragor, Jewett and Proclado are playing fine ball for the Hughson team. In the games Hughson has played the Modesto Reds they stand 2 to 2 and a tie. Next Sunday the team will play to break the tie. Last Sunday Hughson won by a 5 to 4 score.

SAYS HIS SUNDAY SCHOOL TEACHERS ARE VERY CIRCUMSPECT

PROVIDENCE, Oct. 29.—W. E. Carpenter of Brazil, Ind., who said he is the superintendent of the largest Sunday school in the world, told the Rhode Island State Sunday school convention tonight that for twenty-five years there had not been a teacher in his Sunday school who attended theaters, dances or card parties. He vigorously condemned such forms of amusement.

"When a teacher goes to the theater with the excuse that it is uplifting and educational, the pupil goes to cheap theaters because of the example," he said.

Coal Screenings \$6.00 per ton. Call Fresno Fuel Company. Phone 239.

BUDGE SIGNS TWO NEW BALL PLAYERS

Decker and Pete Miller Will Appear With McAfees Next Sunday

With the determination of putting his ball club on the winning side, Manager William Budge of the McAfees has set about signing and releasing ball players. One or two other managers of the league have been strengthening since Sunday and several of the clubs will go into the double header next Sunday with several new faces.

Decker is the latest man to sign with Budge, according to the report circulated by fans yesterday. Rumors have it that Pete Miller has also decided to enter the Winter league play with the McAfees. Decker is a pitcher and worked last summer with Sanger. He has pitched a number of close games and will probably be nominated by Manager Budge for mound duty Sunday. Miller has played ball with several local teams as well as valley organizations. He is a good all-around man and will probably find a position in the outfield. The acquisition of Decker and Miller greatly improve Budge's hitting department.

Highlighter was released last Sunday by Manager Ford of the Coliseum and now Centerfielder Stoner has been granted his papers. Stoner is a brave man. He asked for his release in order to become an umpire in the Winter league. Stoner will probably make his appearance Sunday. Ball fans have been riding LaRose for several Sundays on account of decisions. Hudson is showing up well.

The Brunswicks remain practically unchanged. It is rumored that Manager Bradley has a new twist which he will spring on the fans and opposing players Sunday but official confirmation could not be obtained last night.

BRIDGEPORT HI SCHOOL BARS FOOTBALL PLAY

BRIDGEPORT, Conn., Oct. 29.—At a mass meeting of the students of the Bridgeport high school today it was voted to discontinue football. A number of players recently had been disqualified from playing on account of low marks in their studies.

HITCHCOCK MAY BE OUT OF PRINCETON GAME

CAMBRIDGE, Mass., Oct. 29.—Rex Hitchcock, Harvard right tackle, twisted his ankle in practice today for the second time this year and probably will be out of the game with Princeton a week from Saturday. S. B. Withington was substituted.

VETERAN COONEY IS ONE OF ELI'S BEST

Cooney, Cooney is one of the Yale football stars this season. He is a veteran, and gave a good account of himself at the night guard position last year.

LINDSAY OF BEAVERS SIGNS CONTRACT TO PLAY WITH DILLONS

LOS ANGELES, Cal., Oct. 29.—Bill Lindsay, third baseman of the Portland club of the Pacific Coast Baseball League, will be a member of the Los Angeles team next season, according to a statement made here today by Mowatt Mitchell, a friend of Lindsay.

"When Lindsay passed through here on his way home at the end of the season," said Mitchell, "he told me that he had been traded to Los Angeles. None of the officers of the Los Angeles club were in the city today and official confirmation of Lindsay's statement was not obtainable."

SEA ELEPHANT TRIES TO MAKE ESCAPE

LONG BEACH, Oct. 29.—A riot was sounded here today when the only sea elephant in captivity broke its bonds and made for the open sea. It required the entire police force to corral the monster and drag it back to its cage. Mischief several women became hysterical and fainted and it was necessary to summon physicians to attend them.

FINANCIAL PANIC IN WESTERN INDIA

CALCUTTA, Oct. 29.—The financial panic in western India has been renewed. New failures were announced today with heavy liabilities. Several banks suffered severely.

SHARKS LEAD IN BOWLING LEAGUE

Gus Wentzel Star of Contest With Total of 312 pins; Keyes Second

STANDING OF LEAGUE	Won	Lost	Pct.
Sorenson's Sharks	2	0	.100
Ward's Wanderers	1	0	.100
Keyes' Kickers	1	1	.500
Budge's Boosters	0	1	.000
Shinn's Stars	0	1	.000
Hansen's Hopes	0	0	.000

Sorenson's Sharks took the lead in the Fresno bowling league last night by defeating Keyes' Kickers 125 pins to 120. After the first sheet, it was evident that Keyes and his men would have to do some high rolling to come out ahead. This they were unable to do and the Sharks put one over, reducing the Kickers to a 500 percentage.

Gus Wentzel of the Sharks was the star of the evening scoring a total of 312 pins, the highest total for the season. Wentzel went after the pins hard in the first game, getting 119. In the second game he knocked down 102 and fell to 93 in the final game. His average for the evening was 104.

Keyes, leader of the Kickers, went through for the second high score, getting 102 in his second game and scoring the second high average of 92. M. Maul went into third place for the high average and high score.

Following are the individual scores:

SORENSEN'S SHARKS	1	2	3	TL	Ave.
Sorenson	82	81	92	255	85
Wentzel	86	82	86	254	85
Wentzel	79	77	82	238	79
Wentzel	119	102	93	312	104
Capo	85	83	79	247	82

KEYES' KICKERS	1	2	3	TL	Ave.
Keyes	95	105	82	282	94
M. Maul	100	81	82	263	88
Lish	97	83	87	267	89
Duncan	81	76	81	238	79
Murray	78	82	85	245	82

YALE'S DROP KICKER TWISTS INJURED ANKLE

NEW HAVEN, Conn., Oct. 29.—There was gloom in the Yale football camp today when Hal Pumpelly, star drop kicker, twisted his injured ankle in a scrimmage and was rushed to the infirmary. It is feared the injury may keep him out of the big games. Pumpelly has been kept out of the games so far this season on account of an injury to his knee and ankle.

HAWTHORNES WIN.

The Hawthorne indoor baseball team defeated the Emerson nine on the latter's diamond yesterday afternoon, 8 to 2.

BURROS AS PONIES FOR POLO CONTEST LATEST INNOVATION

PORTERVILLE, Oct. 29.—Burros are to be utilized for polo ponies in a regulation field polo match a week from Sunday at Athletic Park. Members of the Porterville team are responsible for the innovation. A number of local youths have agreed to guide the animals through the game and, as the majority of them are efficient in bicycle polo, there should be features without number. Regulation rules will govern the match.

MUST HAVE \$125,000 FOR OLYMPIC TEAM

English Sportsmen Subscribe Slowly for Advancement of Sport

LONDON, Oct. 29.—The special Olympic games committee unanimously decided today that if the fund being raised for the preparation of a British Olympic team for Berlin did not reach \$125,000 by the end of the year the committee would not be justified in proceeding further in the matter.

The committee expressed great disappointment at the inadequate support given the fund by the public and pointed out that the money was urgently needed for the 1916 exhibitions which are being held in abeyance until the committee is assured of stronger backing.

In the meantime several of the best English trainers are being sought to train foreign teams and may be employed in caring for the rivals of England. The fund has reached \$45,700.

QUIMET FAVORS DAVIS CUP GOLF TOURNAMENT

BOSTON, Oct. 29.—The plan for an international golfing competition along the general lines of the Davis cup tennis play was endorsed today by Francis Ouimet, American open champion. The idea originated in England, where a prominent club has offered to contribute the trophy.

ONWENTSIA CLUB HIRES ENGLISH POLO COACH

CHICAGO, Oct. 29.—Polo players at the Onwentsia club at Lake Forest, have engaged a professional coach from England for next season and are arranging plans for the 1914 campaign on a scale larger than any "ever" attempted in this section. It was announced today. The name of the coach was not given out.

TURLOCK MERCHANTS TO MEET MERCED SUNDAY

MERCED, Oct. 29.—The Turlock Merchants will oppose the locals on the Merced diamond next Sunday, according to announcement here today. Owing to the Modesto-Hughson series, which has attracted widespread interest locally, the Merced team has discontinued play for some time. Merced will place strong team on the field.

DALTON WILL MEET WATSON IN MARICOPA

Los Angeles Fighter Great Favorite In Oil Fields; Bout Nov. 16

MARICOPA, Oct. 29.—Manager Frank Fields of the Maricopa Athletic Club signed Kid Dalton of Los Angeles to meet Red Watson of San Francisco in a twenty-round boxing exhibition in Maricopa. The bout will be held November 16.

Watson has instructed Fields to go ahead and make the arrangements, and agrees to come to Maricopa and start training on November 3. Kid Dalton is already in Bakersfield and has set up training quarters. His recent victory over Kid Booker of Bakersfield places him as a favorite over the San Franciscoan, although Watson has a strong following in the oil fields.

Watson has fought some of the best men in his class in the country, among whom was Frankie Burns, with whom he fought ten rounds and lost the decision. Willie Hoppe was defeated by him in a four-round bout not long ago. He is known as the four-round champion of San Francisco and is very popular among the fans in the Bay district.

SELMA STUDENTS PLAN BASKETBALL MATCHES

Three Games to Be Played Next Saturday Night; Wells Chosen Captain

SELMA, Oct. 29.—Unusual interest is being shown in basketball by the Selma high school students this year, and much promising material is in sight for the school teams. Forty boys turned out to practice this afternoon for try-out work for places on the first and second teams. Earl Wells was selected as basketball captain. In a practice game this afternoon the Whites defeated the Reds, 14 to 4.

A three-header game of basketball will be enjoyed at the Selma pavilion Saturday evening, November 8, when the first boys' team of the Selma high will meet a similar team from Fowler. The Fowler girls will play the Selma girls' team and Reddy W. M. C. A. team will meet the second boys' team of the local high school.

WHITE SOX PITCHER STRIKES OUT TWELVE

MUSKOGEE, Okla., Oct. 29.—Scott, pitching for the Chicago White Sox, held the New York Giants to six scattered hits today and struck out 12, Chicago winning 7 to 1. Score:

Chicago	7	0	0
New York	6	0	0
Batteries	Scott and Emory	2	
Errors	Hearne and Meyers	2

WINERIES TO STOP CRUSHING GRAPES THIS WEEK

Some Have Already Finished Season's Run; Are Now Making Brandy

Prices This Year, Double Those Received In 1912 Season

The close of this week will practically see the close of the 1913 wine making season in this district. Some of the wineries have already stopped crushing grapes for wine and are now filling their brandy orders.

Practically all the grapes have been delivered, only a few scattering lots remaining and many of these lots will be delivered this week. Some of the wineries will probably crush small lots for two weeks yet, but the general wine grape crushing will virtually come to an end this week.

The output of sweet wine from this district will be much less than last year, according to the estimate of wine makers. No opportunity has been given as yet to check up to find out exactly what the output will be, but it is said that a definite statement may be made within the next few days. The dry year has been one of the factors in making the wine grape crop short, but it did not affect the quality of the grapes. Early in the season it was estimated that the wine grape crop would be about 15 per cent short.

Prices this year were just about double those of last year. The ruling price for the season was \$10 a ton, although toward the latter part of the season, some independent wineries offered high prices for particular varieties, to fill out special lines.

Early this year the California Wine Association established a price making contract at \$10 a ton with one or two grape growers' associations. Other wineries followed with \$10 contracts, until the brandy tax matter came up in Washington. Pending the settlement of this, there was practically no buying and when it was settled, the grapes were ready to crush. The \$10 price continued through the greater portion of the crushing season, except as has been said, where special varieties were purchased.

The California Associated Raisin Company gave wine grape prices. The boost by offering a bonus of \$1 a ton where the grapes, other than raisin varieties, were sold to the wineries, instead of being dried.

Second crop muscades opened at \$12 a ton but several independent wineries offered \$14 a ton later in the season. Fruit canning operations in this section closed about October 10, with a very big pack, according to estimates. Peach prices were very good throughout the season, because of short crop, advancing steadily from the opening figures.

DEAN G. R. E. MAC DONALD RETURNS FROM EPISCOPAL GENERAL SESSIONS; TELLS OF VITAL WORK OF CONVENTION

The establishment of yearly provincial synods in the eight provinces comprising the Protestant Episcopal Church of America to supplement the work of the triennial general conventions was one of the important changes made in the recent convention in New York, according to Dean G. R. E. MacDonald of St. James' Cathedral who returned last evening from the sessions to which he was representative from the district of San Joaquin.

Six years ago the church was divided into eight missionary departments which could confer only on matters having to do with missionary activities, but at the New York sessions this year, the departments were changed to "provinces," which widen the scope of the church work, each province having legislative powers extending to work toward the promotion of every department of the church.

Fresno is in the eighth province, which is the largest of the church, including the states of California, Washington, Oregon, Idaho, Arizona, and Nevada, and comprising as well Alaska, the Philippines and Hawaii. The next synod will be held in Seattle in October. Each diocese and each missionary district is entitled to four clergymen and four laymen representatives at the synod. The missionary district of the San Joaquin includes four counties from the coast range to the state boundaries and from Tuolumne to Tehachapi.

Nothing definite in regard to the world conference of churches first projected by the Protestant Episcopal church three years ago, was done at the recent convention, which convened from October 8 to October 25, asserts Dean MacDonald, though the report of the committee at work shows great progress. All Protestants and Catholic churches have been interested in regard to the unification of the churches and the securing of approval of all and the cooperation of the majority. The purpose of the first world congress of churches will be to talk over the things on which the churches are NOT agreed, that better understanding may be the result. Unity, but not necessarily uniformity, is the aim, says the pastor.

Agreement is hoped for in all essentials, letting externals, as filling different tastes, temperaments and various plants of the company. They were in conference yesterday with local officials of the company and will leave today for a trip of inspection of the river plant of the power company, now nearing completion.

The directors of the Fresno county Chamber of Commerce did not meet yesterday as they had intended to, owing to the fact that the majority of them were on the various committees in charge of the entertainment of the visiting, Shriners. The next meeting will probably be held Wednesday, November 5th. Secretary Robertson said last night that there was a possibility of some date before then, as there were several matters on hand that needed attention.

Scientific Examination of Your Eyes

This is the method we make use of, the method that is preferred because no drops are used. We take accurate measurements by means of delicate instruments. Then we make glasses that remedy the defect. You are not inconvenienced in the least.

tionaries, take care of themselves. The matter of changing the name of the church from the Protestant Episcopal church of the United States to the "American Catholic Church," at similar suggestions came up but indirectly at the convention, maintains Dean MacDonald, who states that direct action on this issue was purposely avoided at the present time.

Among other things of importance mentioned by the so-called minister, was the reorganization of missionary work, the placing of particular stress on social service work of the church, and the prayer-book revision and enrichment. In addition to the general social service commission, each diocese will now have a social service commission, whose purpose it will be to vitalize the work of the church along such lines. Nothing in the way of actual revision of the book of common prayer was attempted at the recent session but a committee was appointed to report on the revision at the next general conference.

Five new bishops were appointed in Washington, New Mexico, North Dakota, Porto Rico and Cuba. The opening service was held in the impressive but as yet unfinished cathedral of St. John the Divine in New York. The house of deputies met in the new cathedral hall, the gift of the late J. Pierpont Morgan and the late N. R. Cutting, both of whom would have been members of the convention.

Dean MacDonald left September 11 for the east, going to New Orleans and taking the steamer from there to New York. He traveled on to Canada, visiting his old home in New Brunswick, preaching in Christ's church cathedral in Fredericton, where he was ordained, and also in Trinity church at St. John's where he was rector before coming to California. Many friends greeted his former church leader and his stay was a most pleasant one.

From Canada he journeyed to New York City by easy stages, stopping off at historic Schuylerville, and other cities along the way. He left for Fresno the evening the convention closed, arriving at 4:45 last night.

Bishop Louis Childs Sanford, of the San Joaquin district, was also at the convention but is still in the east, and probably will not return before November 20th.

The contract for the remodeling of the California hotel at Market and I streets was let yesterday to E. M. Higgins, by T. C. White, the owner, for \$4675.

The plans for the alterations on the building, which was drawn by Architect E. Mathewson of this city, call for the complete remodeling of the lower floor.

Several stores will be arranged for on the ground floor, facing on both Market and I streets. The kitchen and dining room of the hotel will be eliminated. The staircases will also be changed around.

WANT SIDEWALKS WITH MACADAMIZED STREETS

Meeting of White, Thomas and Harvey Avenue Property Owners Held

Property owners on White, Thomas and Harvey avenues, east of Blackstone, will petition the city trustees to grade and macadamize the streets and will also ask to have the work done. This action was unanimously decided upon at a meeting of interested property owners held at the corner of Belmont and Blackstone avenues, last night. Another meeting will be held tonight at which time other property owners were not advised of the first meeting will be present.

At its first meeting this month the city trustees passed resolutions of intention to pave White, Thomas and Harvey avenues, but made no provision for sidewalks. The walks are desired, and as it would be necessary to provide for them in order to increase the cost so as to permit the work to come under the Y. M. C. act, it was decided to have them included at this time.

White avenue is to be improved to First street and Thomas and Harvey avenues to be improved to Center and avenue.

ARREST YOUNG MAN ON LARCENY CHARGE

Charles Hopper was arrested yesterday afternoon by Deputy Sheriff Thorwaldson on a charge of petit larceny. He is alleged to have stolen a light and tank of a motorcycle belonging to C. W. Bendick, Jr. The stolen property was found on Hopper's motorcycle. He claims that he purchased the light and tank in the oil fields.

FIRE DAMAGES HOUSE.

Fire of unknown origin last night damaged the dwelling at 623 C street to the extent of \$150. An alarm of fire was turned in from box 29 at C and Mono streets.

PAIN AROUND THE HEART

Means Gas on the Stomach Not Organic Heart Disease.

That pain around your heart means pressure of gas, the result of indigestion. It does not mean heart disease. Pain in the region of the heart is almost never present in organic heart trouble.

Strength of the stomach is the one thing needed. Dr. Williams' Pink Pills, one after each meal, and a little care in the diet, will correct most cases. Dr. Williams' Pink Pills are a tonic and positively strengthen and purify the blood. The renewed blood restores the digestive organs and gives relief that is permanent.

This is the tonic treatment for indigestion. You can begin this treatment today and start on the road to health by getting a box of Dr. Williams' Pink Pills for Pale People from the nearest drug store.

STATE SCORES BUT ONE VICTORY IN TARIFF FIGHT

Needham Tells of Slashing of Rates On Other Fruit Products -

Says Business Will Be Good In Spite of Tariff, Not Because of It

Former Congressman J. C. Needham passed through Fresno last night enroute to Los Angeles and San Diego but stopped long enough to talk brightly about events that have transpired in Washington in the past seven months.

"The victory won by this state in securing the elimination of the brandy tax provision in the tariff bill was the only victory California won in its fight to prevent wholesale reduction of rates on other fruit products," declared Needham. "The tariff on oranges was cut in half; on lemons, it was cut two-thirds; raisins were reduced to the standard of the old Wilson bill; Zante currants were cut half a cent; the rates on olives and walnuts were cut in half and a half cent reduction was made on figs."

"If business throughout the country continues and times continue good, it will be in spite of this new tariff and not because of it. It will be because people are wealthier than they once were and will be able to withstand the results this bill will produce."

Needham remained in Washington after March 1 in the interests of the Turlock and Modesto irrigation districts in the Hetch-Hetchy fight. After he had concluded his work in this matter, he was in the grape growing area in the wine making section as legislative adviser to the California delegation. It was on Needham's advice that the Californians took issue with Ohio and Missouri who makers and it was also on his advice that no compromise was effected as was contemplated at one time.

Needham took no hand in the Zante currant matter, and this whole matter was left by the California delegation, to Congressman Church, who informed Tarpey and others that he had matters fixed up so that the tariff would not be reduced.

The former congressman was asked about the progress of his becoming a candidate again next year, but he shook his head and replied, "It is too early yet."

HALLOWE'EN SOCIAL AT Y. M. TONIGHT

Young People of City Are Invited to Join In Festivities

The young people of Fresno are invited to join in the Halloween frolic at the Young Men's Christian Association this evening, at which an elaborate program of unusual character and features will be presented. The Association orchestra will play during the evening and the building will be attractively decorated with pumpkins, black cats, corn stalks, and other accessories of Halloween.

The Y. M. C. A. is spending much time and money to make the affair this evening a success, and judging from the crowds which have always attended previous entertainments of the kind will doubtless attract several hundred people.

Previous to the social hours the Arena Club will meet under the leadership of Attorney M. G. Gallagher for discussion of the question, "Why is the City Boy Better Off Than the Country Boy?"

The two main features of the evening will be the speaking and vaudeville in the social hall and the frolic on the gymnasium floor which will be participated in by many of the visitors. Refreshments will be served during the evening.

CIVIC COMMITTEE TO ORGANIZE TONIGHT

"City Beautiful" Plans to Be Formally Launched; Public Invited

The City Beautiful Committee will meet tonight at 8 o'clock in the council chamber of the city hall for the purpose of completing its organization and taking up again preliminary steps toward improvement discussed at the meeting two weeks ago. A committee consisting of H. C. Worth, C. C. Starr and Mrs. J. Bennett will present by-laws to govern the work of the committee.

Report has it that P. M. Harwood will be elected permanent chairman and H. C. Worth will be elected permanent secretary. The public is invited to the meeting tonight and will be welcome on all regular meeting nights, which will be the first and fourth Thursday nights of each month.

AGED FOREIGNER IN INSANE WARD

Deputy Sheriff Brown of Firebaugh brought an aged foreigner to the county jail last night and booked him on an insanity charge. The man has been held at the jail in Firebaugh for several days, but as his condition did not improve he was brought to Fresno and will be examined. The man could not give his name and was booked as John Doe.

JURY IN STERLING CASE
SACRAMENTO, Cal., Oct. 29.—The twelve jurors who are to sit in judgment on Cleo Sterling, 20-year old girl, charged with the murder of Cherry de St. Maurice, were chosen today. All of them are married men and are middle-aged. One of them is a farmer. Of a special panel of thirty farmers examined today, sixteen were disqualified for refusing to hang a woman.

The Drastic Clearance Sale Of Lace Curtains Continues Today

—Every pair a wonderful bargain. A few hundred pairs less than yesterday, but the choice is just as good for the simple reason that every pair is perfect. No "seconds" among them. There are four groups—those priced at 98c, \$1.98, \$2.98 and \$4.98 pair. In a great many instances they are being sold for less than half price. Odd lots from our regular stock is the reason for these radical reductions.

PEACH GROWERS TO MEET AT ROEDING

Second Meeting for Dried Fruit Company Is Called

Another meeting of peach growers, in the interests of the Growers' Dried Fruit Company, will be held at the Roeding school on Friday night. From the interest that has been shown since promotion of this company was revived, after the summer months, it is believed that there will be a large attendance. Addresses will be made by W. R. Nutting, manager of the California Raisin Exchange, E. W. Hyde, chairman of the promotion committee, and others.

This meeting will be followed by other meetings in other school districts of the county.

SELL UNCLAIMED WHEELS NOV. 4TH

The auction sale of unclaimed bicycles, clothing and lap robes held by the police will take place on the morning of November 4. There are 31 bicycles at police headquarters which will be sold to the highest bidder. As Sergeant Bradley is working nights the street department, which has charge of the sale, will probably have to look for another auctioneer.

RUNAWAY HORSES MAKE LONG RUN

A team of horses drawing a Vienna bakery wagon became frightened last night at McKenzie and U streets, ran down McKenzie to Ninth street, then to Tulare and down Tulare to J where the wagon wheels caught in the street car tracks and the horses were thrown to the pavement. The wagon was tipped over. No one was injured in the long run of the animals. The driver was not in the wagon when the horses became frightened.

INSURANCE COMPROMISE.

SAN FRANCISCO, Oct. 29.—Mrs. Mary L. Sudall, who shot and killed her husband here more than two years ago, will receive \$1500 on his life insurance policy carried in the Independent Order of Foresters, by the terms of an agreement filed in the Superior court yesterday. Sudall held an insurance policy for \$2000 but payment was refused on the ground that Mrs. Sudall, the beneficiary, was responsible for her husband's death. A suit followed.

Mrs. Sudall was acquitted of murder when it was shown that she shot in self-defense.

Special Prices On ART SQUARES

We just received two large shipments of Ingrain Rugs, the second of which the factory should have held till we disposed of the first. On account of this we have so many we are cramped for room and must get rid of them. They are good heavy quality, part wool, and the colors and patterns are just as good as in the expensive rugs.

Bartlett Pears Pay \$400 an Acre and More

Here is another of the many crops that pay immense dividends at Patterson. This rich river-bottom soil is particularly well suited to the growing of Bartlett pears, a crop that sometimes pays as high as \$1000 an acre.

Think how fast you could pay for land at this rate. While you are waiting for the pear trees to come into bearing, other crops can be grown that pay far more than expenses. Let us tell you more about this opportunity.
